

MGA

Academic Program - Course Schedule and Learning Outcomes

Campus: Online

College/School: School of Health & Natural Sciences

Department: Nursing

Academic Degree: PMC

Major: Nursing

Track (if applicable): PMC - AGACNP

What are the Program Learning Outcomes?

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

1. Synthesize nursing and related sciences to continually improve healthcare outcomes for individuals, families, communities, populations, or systems in a multicultural society.

2. Lead multidisciplinary team collaboration, communication, and coordination to achieve health promotion and disease prevention, with the goal of improving patient and population health outcomes.

3. Integrate current evidence, expert opinion, and clinical expertise as a basis for professional nursing practice and clinical judgment.

4. Incorporate quality improvement principles in the monitoring, analyzing, and prioritizing of healthcare outcomes.
