

# APPLIED STATISTICS IS A WAY OF THINKING

The word 'THINKING' is written in a large, bold, purple, sans-serif font. On either side of the word is a stylized, purple outline of a human brain, facing towards the center.

In today's world, the analysis of data plays an increasing role in decisions made across disciplines such as:

- Engineering
- Information Technology
- Business
- Social Sciences
- Physical and Health Sciences

The Applied Statistics concentration focuses on the understanding of statistical methods, theory and computation – techniques that enhance students' personal skills and prepare them for an array of career opportunities.
