

To access the TSA General Aviation Training go to AOPA.org and Login

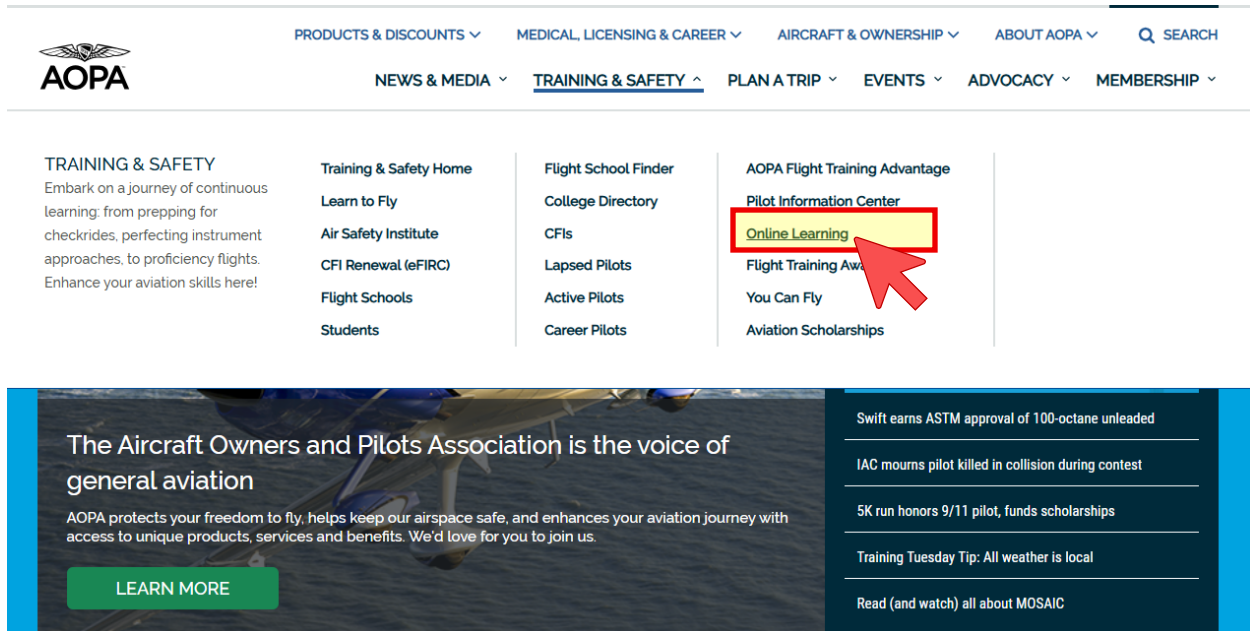

If you do not already have an account, you will need to sign up for an account by clicking JOIN NOW

Once you have logged in, you can navigate to the training by going to Training & Safety

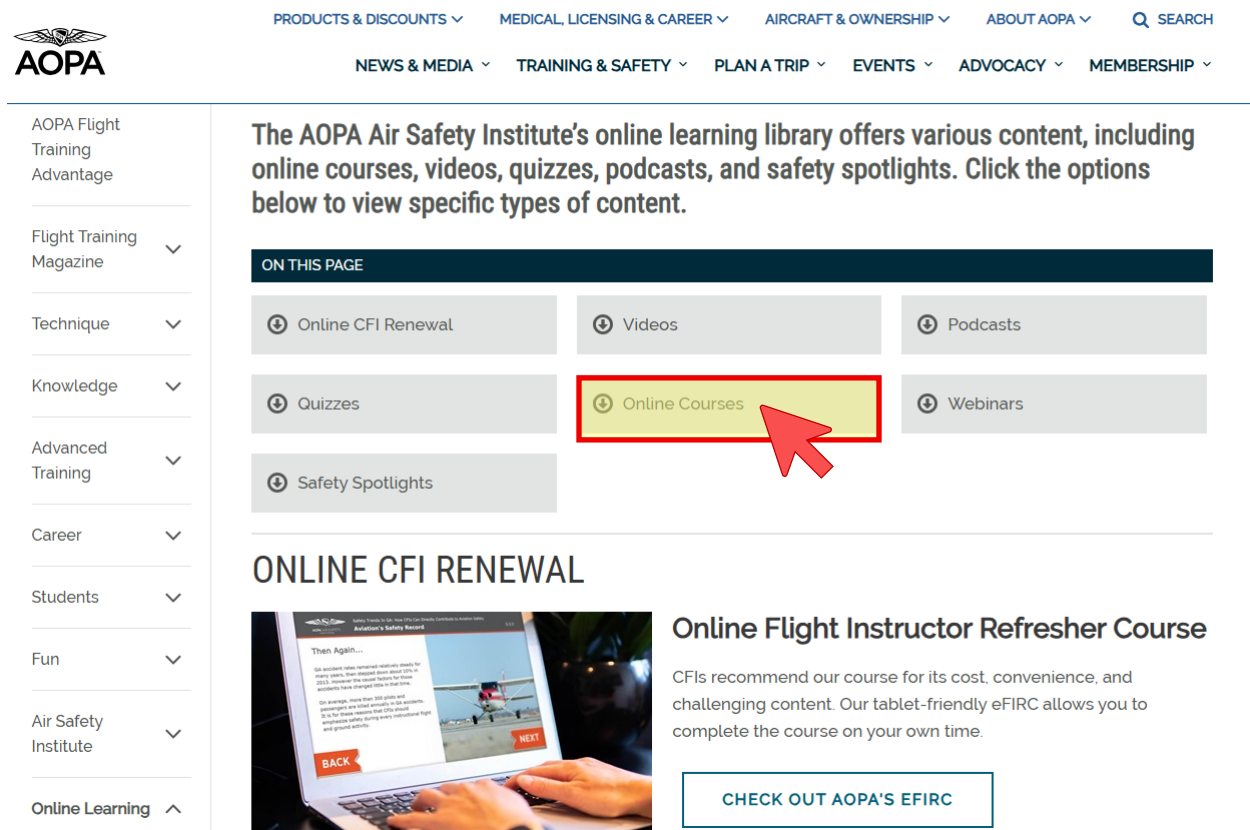

Then select Online Learning

The screenshot shows the AOPA website's Training & Safety section. The navigation bar includes links for PRODUCTS & DISCOUNTS, MEDICAL, LICENSING & CAREER, AIRCRAFT & OWNERSHIP, ABOUT AOPA, and a SEARCH button. Below the navigation bar, the TRAINING & SAFETY section is active, showing a list of links: Training & Safety Home, Learn to Fly, Air Safety Institute, CFI Renewal (eFIRC), Flight Schools, Students, Flight School Finder, College Directory, CFIs, Lapsed Pilots, Active Pilots, Career Pilots, AOPA Flight Training Advantage, Pilot Information Center, Online Learning (highlighted with a red box and a red arrow), Flight Training Awards, You Can Fly, and Aviation Scholarships. Below this, a banner for 'The Aircraft Owners and Pilots Association is the voice of general aviation' is displayed, followed by a 'LEARN MORE' button. To the right, a sidebar lists recent news items: Swift earns ASTM approval of 100-octane unleaded, IAC mourns pilot killed in collision during contest, 5K run honors 9/11 pilot, funds scholarships, Training Tuesday Tip: All weather is local, and Read (and watch) all about MOSAIC.

The link will bring you to the page where all their training materials are- next select Online Course, which will auto navigate you to the correct section

The screenshot shows the AOPA website's Online Learning library. The navigation bar is the same as the previous screenshot. The left sidebar lists various training materials: AOPA Flight Training Advantage, Flight Training Magazine, Technique, Knowledge, Advanced Training, Career, Students, Fun, Air Safety Institute, and Online Learning (highlighted with a red box and a red arrow). The main content area features a heading 'The AOPA Air Safety Institute's online learning library offers various content, including online courses, videos, quizzes, podcasts, and safety spotlights. Click the options below to view specific types of content.' Below this, a section titled 'ON THIS PAGE' lists several options: Online CFI Renewal, Videos, Podcasts, Quizzes, Online Courses (highlighted with a red box and a red arrow), and Webinars, and Safety Spotlights. Below this, a section titled 'ONLINE CFI RENEWAL' is displayed, featuring a laptop screen showing a CFI Renewal page and a 'CHECK OUT AOPA'S EFIRC' button.

Then select the General Aviation TSA Security Awareness course

4 of 6: Track Selection

1 of 1: Track Menu

Track Menu

We've created four custom tracks to fit your individual training needs. Choose the category that best describes you. Only one track must be completed to earn a certificate of completion. However, you may review multiple tracks to help gain greater security awareness.

Note: The Flight School track guides flight school employees and active ground and flight instructors through the completion of TSA's initial and refresher security awareness training required by 49 CFR Part 1552.

You must select at least one track, and pass the quiz at the end of this course, to earn course completion credit in your ASI transcript.

Once the training is completed and the Quiz is passed with 80% or better, the training will generate a certificate.

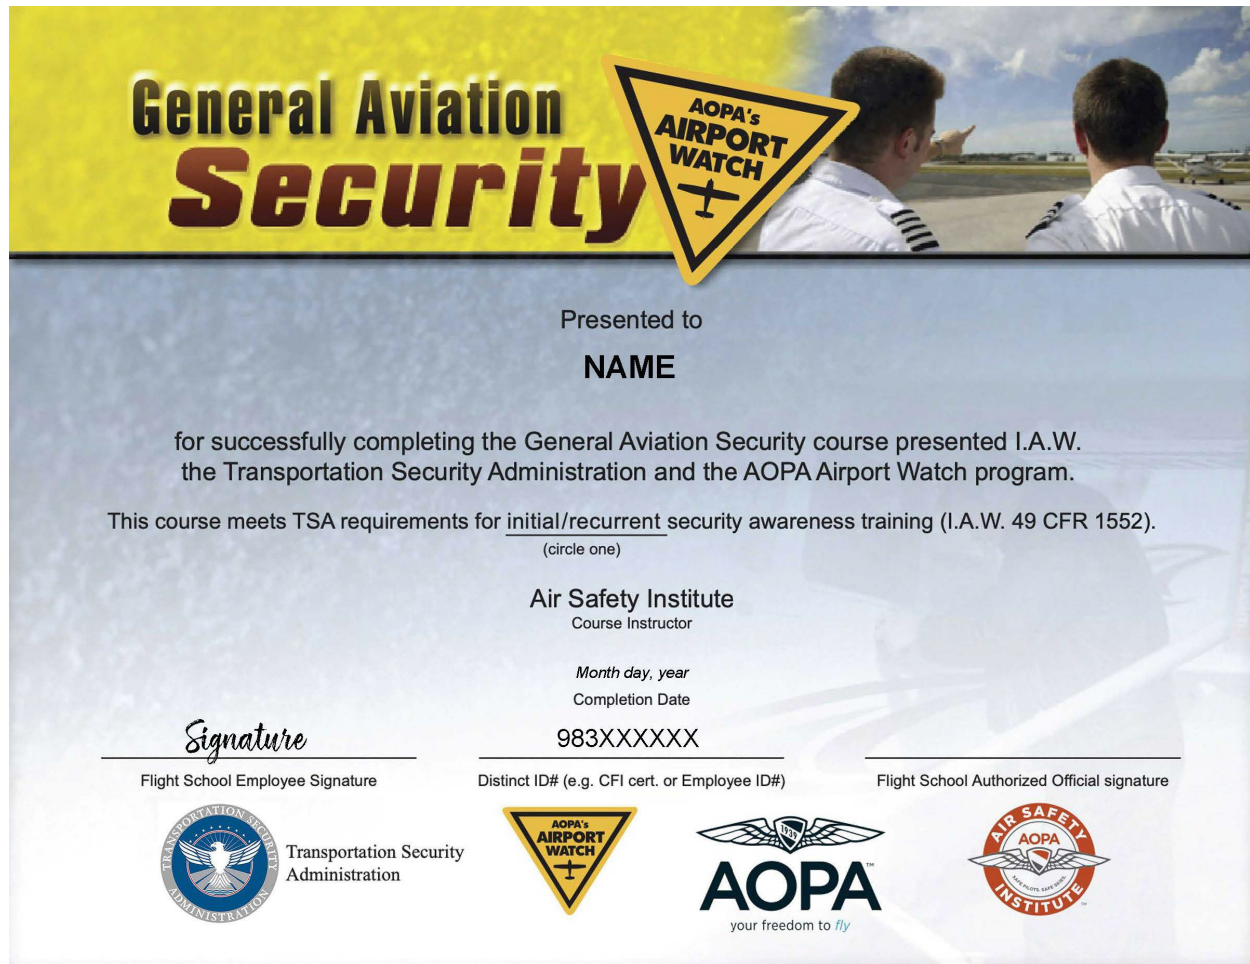

Click on Get Certificate, then on the following screen select Generate Certificate

Not seeing your certificate after clicking the button? Go to the [Transcript](#) page and download the certificate.

Your certificate should generate in a separate tab.

Save your certificate and either print or edit in pdf form to add your signature and your 983 number to the certificate.

The certificate template features a yellow header with the text "General Aviation Security" in a large, bold, serif font. To the right of the text is a yellow triangular logo with the text "AOPA's AIRPORT WATCH" and a small airplane icon. The background of the certificate is a light blue sky with a faint image of two pilots in white uniforms looking out over an airport tarmac.

Presented to
NAME

for successfully completing the General Aviation Security course presented I.A.W.
the Transportation Security Administration and the AOPA Airport Watch program.

This course meets TSA requirements for initial/recurrent security awareness training (I.A.W. 49 CFR 1552).
