Dr. Christopher R.L. Blake
President
Middle Georgia State University
100 University Parkway
Macon, GA 31206

Dear Dr. Blake:

Thank you for the letter of February 1, 2016, notifying SACSCOC of your intention to offer four new certificate programs, effective spring 2016. The four certificates are:

- Certificate in Network Administration (18 credit hours)
- Certificate in Web Design (18 credit hours)
- Certificate in Cybersecurity (18 credit hours)
- Certificate in Unmanned Aerial Systems Operator (32 credit hours)

The Network Administration, Web Design, and Cybersecurity certificates are embedded in the existing B.S. in Information Technology degree program. The certificate in Unmanned Aerial Systems Operator is embedded in the existing B.S. in Aviation Management degree program.

Since the new certificates are all part of existing degree programs, they do not represent a significant departure from existing programs. **We acknowledge this information and will add it to the file.**

Best regards,

Belle S. Wheelan, Ph.D.
President
