Dear Dr. Biek,

This letter is in response to your substantive change request to revise the certification fields offered through the approved Pedagogy-Only program. These revisions are approved. The public-facing program approval table at www.gapsc.com, as well as the Traditional Program Management System (TPMS), have now been updated.

Thank you for all you are doing at Middle Georgia State University to prepare future educators.

Sincerely,

A handwritten signature in cursive script that reads 'Angela B. Gant'.
