

Fall 2020: Employer & Graduate School Campus Recruitment

Due to the safety measures that Middle Georgia State University is currently taking in regards to Covid-19, on campus recruitment this fall will be primarily virtual with some opportunities for in-person interactions.

While in-person recruitment may be your preference, keep in mind that virtual options allow you to connect with students across all five of our campuses at one time.

We encourage you to continue posting jobs and internships on Handshake at mga.joinhandshake.com. Student use of Handshake has increased by over 20% since March 2020.

Virtual Recruitment Options

- **Virtual Career Fairs on Handshake (please register at mga.joinhandshake.com)**
 - **October 1 – Aviation Career Fair (early bird deadline September 1)**
 - **October 20 – All Majors Career Fair (early bird deadline September 18)**
- **Virtual Information Sessions (schedule throughout the semester)**
 - Dates available in August, September, and November
 - We anticipate offering these indefinitely because of student interest and the ability to reach students at all five campuses

On-Campus Recruitment Options

Currently, our on-campus recruitment is limited to the following activities at this time:

- Outside information table in front of the Student Life Center on the Macon Campus
- Outside information table in front of Georgia Hall on the Cochran Campus
- Outside information tables at other campuses may be considered when a staff member can be present
- The university will provide 1 table, 2 chairs, and a portable plexiglass barrier for the table. Recruiters who want a tent must provide their own.

On-Campus Recruitment Requirements

For in-person recruitment, campus visitors must:

- Wear a protective face covering over the nose and mouth
- Practice social distancing among each other if bringing multiple recruiters as well with our students, faculty and staff. While it may be hard for those of us in the career services and recruitment world, this means refraining from shaking hands.
- Keep work area sanitized if using a table when meeting with students.
- Cooperate with collecting student sign-in for contact tracing practices the university puts into place for events.

Information Table Requirements

- Provide hand sanitizer and pens for students visiting your table and event. Pens cannot be reused.
- Keep your table area sanitized between visitors.
- Use technology to share handouts and resources with students rather than distributing flyers and handouts. We will not be able to store handouts for distribution in our office, but we can assist you with posting opportunities on Handshake.

Contacts for Campus Recruitment Inquiries

Macon Campus:

Mary Roberts at mary.roberts@mga.edu or 478-471-2441

Cochran or Eastman campus:

Kenyetta Nesbitt at kenyetta.nesbitt@mga.edu or 478-934-3110

Warner Robins or Dublin Campus:

Heather McIntosh at heather.mcintosh@mga.edu or 478-471-2714
