

MGA
Academic Program - Course Schedule and Learning Outcomes

Department:
Rehabilitation
Science

Campus: Cochran

College/School: SOHNS

Academic Degree: B.S.

Major: Rehab Science

Track (if applicable): N/A

What are the Program Learning Outcomes?

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

- 1. Students will be proficient with documentation, professionalism, and cultural competence in a rehabilitation setting.**

- 2. Students will be able to educate individuals, groups, and populations on best practices for adaptation to or recovery from disability or illness.**

- 3. Students will be able to make appropriate decisions regarding the need for environmental modifications or assistive technology to maximize human performance with rehabilitation facilities, the home, and/or the community.**

- 4. Students will be able to collaborate with an interdisciplinary team to make recommendations to improve an individual's quality of life. prog**
