MGA

Academic Program - Course Schedule and Learning Outcomes

Campus: Macon  School: Education and Behavioral Sciences  Department: Political Science

Academic Degree: B.S.  Major: Political Science  Track (if applicable): n/a

What are the Program Learning Outcomes?

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

1. Describe and identify the theoretical underpinnings of the study of politics and government.
2. Describe and identify the formal and informal institutions and processes of, and political behavior within, the political system of the United States and those of other countries.
3. Describe and identify the key features of the international system, including interactions between countries, and the differences between how various countries are governed around the world.
4. Identify and use appropriate methodologies for collecting, analyzing, and presenting data and evidence in written, oral, and graphical form, within the context of political science.
