#### What are the Program Learning Outcomes?

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

1. Synthesizes nursing that is patient centered, caring, culturally sensitive and based on the physiological, psychosocial and spiritual needs of patients.
2. Provide a safe environment for patients, self, and others.
3. Practice nursing in a professional, ethical, and legal manner.
4. Collaborate with members of the interprofessional health care team to promote continuity of patient care and achievement of optimal outcomes.
