Section 1: The University System of Georgia

1.01 The Board of Regents

The Board of Regents of the University System of Georgia was created in 1931 as a part of a reorganization of Georgia's state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The governor appoints members to the Board to seven year terms, and regents may be reappointed to subsequent terms by a sitting governor. Regents donate their time and expertise to serve the state through their governance of the University System of Georgia. The position is a voluntary one without financial remuneration. Today the Board of Regents is composed of 19 members, five of whom are appointed from the state-at-large, and one from each of the 14 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System. The Board oversees the public colleges and universities that comprise the University System of Georgia and has oversight of the Georgia Archives and the Georgia Public Library Service.

**2.01 History of Middle Georgia State University**

On January 8, 2013, Middle Georgia State College was formed when the Board of Regents approved the consolidation of Macon State College and Middle Georgia College. University Chancellor Hank Huckaby announced the consolidation plan for these and six other USG-system institutions in September 2012, and the Southern Association of Colleges and Schools Commission on Colleges approved its prospectus in December 2012. The consolidation would enable the USG system to better use financial and academic resources and to expand the scope of academic programming to area students. Dr. John Black was appointed interim president. Dr. Christopher Blake was inaugurated as the institution’s first president October 2014. On March 18, 2015, the Board of Regents approved a change in the institutional name from a state college to a state university as well as a revision of its mission statement to reflect that of an institution in the state university sector.

**History of Middle Georgia College**

Middle Georgia College was established on October 20, 1884, as the College of the New Ebenezer Association. The association was composed largely of Baptist churches in Pulaski, Dodge, Laurens, and Telfair counties. Instruction began on January 10, 1887, with approximately 100 students, most of whom were from the Middle Georgia area.

During the early period, the institution was divided into preparatory and collegiate departments. The catalog of 1887 says its curriculum’s purpose was "to prepare pupils for business or for the Junior Class in Universities. This includes Latin, Greek, Mathematics, Natural Science and several modern languages, with English studies and Music."

On August 21, 1917, an agricultural and mechanical school for the Twelfth Congressional District was established on the same campus. This school was chartered as one of the branches of the Georgia State College of Agriculture and Mechanical Arts, a department of the University of Georgia.
The Middle Georgia Agricultural and Mechanical Junior College was established in 1919. This, too, was a branch of the University of Georgia. The name was changed to Middle Georgia College, and its operation was placed under a board of nine trustees in 1929.

Middle Georgia College was placed under the Board of Regents of the University System of Georgia on August 27, 1931. The Dublin Center was located in Dublin in 1984. In 2007, the Georgia Aviation Technical College in Eastman merged with Middle Georgia College. In 2006, the Board of Regents authorized Middle Georgia to begin offering select baccalaureate degrees.

By 2012, Middle Georgia offered 6 four-year degrees and more than 40 majors and transfer programs. The school operated the Georgia Academy of Aviation, Mathematics, Engineering and Science (GAMES), a residential joint enrollment program to allow students to earn a high school diploma and associate’s degree simultaneously. It sponsored intercollegiate athletic teams in six sports. Middle Georgia College’s fall 2012 enrollment was 3,104 students.

**History of Macon State College**

Macon State College began in 1965 when the University System of Georgia's Board of Regents passed a resolution to create a public two-year college to serve Bibb, Houston, Peach, Crawford, Monroe, Jones and Twiggs counties. The voters of Bibb County approved a bond issue to fund the college, and 168 acres of wooded land were selected in West Macon. When it opened in fall 1968, Macon Junior College became the twenty-fifth institution in the University System of Georgia. Its charter class was 1,110 students, the largest enrollment ever for a new state college in Georgia.

In 1970, the Board of Regents directed Macon Junior College to serve civilian and military employees at Robins Air Force Base. The Robins Resident Center, located on the base, was then established.

In June 1987, the Board of Regents approved a name change to Macon College. In 1991, Macon College began serving Houston County and surrounding areas with the Warner Robins Center located in the Advanced Technology Park.

The Regents expanded the mission of the College in 1996 to include technological and professional programs at the baccalaureate level, and the next year the institution was officially renamed Macon State College. The charter baccalaureate class graduated in May 1999 with degrees in Information Technology, Health Information Management, and Health Services Administration. The number of bachelor’s degrees the College offered grew steadily and drove dramatic enrollment increases.

In 2003, Macon State established the Warner Robins campus on Watson Boulevard. In 2007, the College underwent a major academic reorganization from divisions into schools, and in 2010, it became a residential college through the acquisition of the apartments now known as College Station.

By 2012, Macon State offered 18 bachelors degrees with 33 majors and concentrations. Between 1999 and 2012, it awarded more than 3,000 bachelors degrees to its students. Macon State College’s fall 2012 enrollment was 5,780 students.

Section 3: Faculty Governance

3.01 Introduction

The Board of Regents has jurisdiction over all units of the University System of Georgia. The Board of Regents is composed of one member from each congressional district of the State and five additional members from the State at large, who are appointed by the Governor and confirmed by the Senate. The term of each member is seven years. The Governor cannot be a member of the Board. The Chancellor, who is appointed by the Board of Regents and responsible directly to it, is the chief administrative officer of the University System. The Chancellor makes all needed inspections and surveys of institutions in the System and reports those findings to the Board. The Chancellor is to keep the Board fully informed of the standards of scholarship, the fiscal integrity, and the administrative efficiency maintained at each institution in the System.
In accordance with the policies established by the Board of Regents, the governance of Middle Georgia State University has been designed to include a system of shared governance to ensure maximum input and involvement by the entire MGA community and represent institutional constituents. They are the Faculty Senate, its committees and recognized Senate affiliates, the Staff Council, the President’s Cabinet, and the Student Government Association. These groups, along with the Corps of Instruction meet on a regularly scheduled basis. Typically, the Corps of Instruction will meet at an annual Fall Convocation, or a meeting scheduled near the conclusion of spring semester. A Spring meeting will include the Corps of Instruction, Staff, and Officers of the University. At this meeting, the group as a whole will receive reports from the Officers of the University, the Chair of the Faculty Senate, the Chair of the Staff Council, the President of the Student Government Association, and other reports as requested by the President.

3.02 The Corps of Instruction and the Faculty Senate

3.02.01 THE CORPS OF INSTRUCTION

Votes of institutional significance by the Faculty Senate must be approved by the Corps of Instruction and Officers of the University prior to being forwarded to the President for consideration. See Faculty Bylaws, Article IX, on the Shared Governance section of the MGA website.

3.02.02 THE FACULTY SENATE

The purpose of the Faculty Senate is to recommend to the President of the University rules and regulations for the governance of the University as may be proper for the maintenance of high educational standards and the well-being and effective functioning of the University. It shall approve the curriculum and recommend to the President necessary policies and practices in support of the Mission of the University. The Faculty Senate's areas of jurisdiction are the academic program, teaching faculty, student affairs, student admission and retention, academic regulations, educational materials, and other related matters. The Senate shall consist of voting and non-voting members.

3.03 President’s Cabinet

The President’s Cabinet, under the direction of the President, considers the total development of the institution, requirements of the Board of Regents of the University System of Georgia, and other aspects of the institution which are not the expressed or implied responsibilities of the Academic Council.

3.04 Student Government Association

3.05 Decision Making and Policy Formation

Faculty, staff, students, or administrators may initiate proposals for university policy and follow SACS Best Practices for Developing Policy and Procedure Documents. Three avenues exist by which a proposal may receive consideration:

1. Proposals pertaining to academic matters shall be referred to the appropriate Standing Committee for review, consideration, and recommendation. Where matters of jurisdiction are not clear, the proposal shall be forwarded to the Executive Committee for assignment to the
appropriate committee for review, consideration, and recommendation. Recommendations from the Standing Committees to amend the Bylaws of the Academic Assembly or the Bylaws of the Faculty Senate shall be forwarded to the Executive Committee for consideration and, upon approval, recommendations shall be sent to the Faculty Senate for consideration. However, all proposals relating to curricula and courses shall proceed through the Department Chair, Academic Dean, the Provost, the Academic Affairs Committee, and then the Faculty Senate.

2. Proposals of non-academic or general university policy are referred to the President for consideration by the President’s Cabinet.

3. Policy proposals that relate to both of these areas or those that are not clearly one or the other are referred to the President of MGA for designation to the proper group for consideration.

4. The Faculty Senate's areas of jurisdiction are the academic programs, teaching faculty, student affairs, student admission and retention, academic regulations, educational materials, and other related matters.

The Faculty Senate, the Academic Assembly or the Administrative Council, after acting favorably on a policy proposal pertaining to internal operations, shall submit its recommendation to the President of MGA. Recommendations of the Faculty Senate, the Academic Assembly, or the President’s Cabinet become institutional policy or institutional practice only upon approval of the President of MGA as appropriate.

4.05 Evaluation of Faculty

4.05.01 REGENTS’ POLICY

BOR policy can be found under the broad category of 8.3.5 of the BOR Policy Manual: **Evaluation of Personnel.** Of particular note are the following sections:

8.3.5.1 of the BOR Policy Manual:  Faculty

8.3.5.3 of the BOR Policy Manual:  Academic Administrative Officers

8.3.5.4 of the BOR Policy Manual:  Post-Tenure Review

8.3.14 of the BOR Policy Manual:  Enhancing Teaching and Learning in K-12 Schools and USG Institutions

Additional information can be found under

4.7.2 of the USG Academic & Student Affairs Handbook:  Faculty Work in the Schools and

In accordance with the policy of the Board of Regents, Middle Georgia State University requires an annual evaluation, a pre-tenure review, and post-tenure review of faculty as described below.
4.05.02.1 Overview

Faculty evaluation consists of several objectives. All faculty members are evaluated annually. The faculty portfolio is a key document in the annual evaluation process. Tenure-track faculty members are subject to additional evaluation steps that take place in the third year of employment and at the point of their applying for tenure and/or promotion. Tenured faculty members also are subject to additional steps at the point of post-tenure review, every five years after tenure is awarded.

Notwithstanding the fact that Middle Georgia State University has been established through the consolidation of Middle Georgia College and Macon State College, all faculty members, regardless of the date of hire and regardless of original institution, shall be considered faculty of Middle Georgia State University and, as such, are bound to the terms of this document with respect to tenure, promotion, and post-tenure review.

4.05.02.2 Annual Evaluation

- A faculty member shall receive at least one written annual review of his or her professional performance per academic year. The review shall include a required scheduled conference for the purpose of discussing the contents of that faculty member’s annual written evaluation. The evaluation shall be formative as well as summative. The evaluation is completed by the appropriate administrator in the faculty member’s academic unit and reviewed and approved by the Dean.

- The annual evaluation shall be based upon the faculty portfolio, faculty performance, and the faculty self-evaluation for that year. These materials shall be used to evaluate the faculty member’s performance in teaching, scholarship, faculty development, service to the institution, and professional service to the community. It is the faculty member’s responsibility to provide the immediate academic administrator with the relevant materials for this review. During the annual evaluation, each faculty member shall develop, in consultation with his or her immediate academic administrator, a written plan of activities for the coming year.

- Both the faculty member and the evaluator(s) shall signify that the evaluation has been discussed by signing the evaluation. A copy shall be placed in the faculty member’s personnel file; a copy shall be given to the faculty member, and a copy shall be forwarded to the Provost.

- The results of the annual evaluation shall be reflected in the annual salary recommendations.

- If a faculty member feels that his or her final evaluation is inaccurate and/or detrimental, the faculty member may respond in writing to the annual written evaluation within ten days of the receipt of the evaluation. In this case the response shall be attached to the evaluation. The evaluator shall acknowledge in writing to the faculty member the receipt of this response and shall note any changes in the annual written evaluation made as a result of either the conference or the faculty member’s written response and add them to the faculty member’s personnel file.

- A faculty member who has written a response and feels that the final annual evaluation by the evaluator is still inaccurate and/or detrimental may file a written request within ten (10) days of the initial receipt of the evaluation that the Provost reviews the evaluation and the response. A written summary of that review shall be furnished to the faculty member and to the evaluator by the Provost with a copy for the faculty member’s personnel file and a copy to the Dean.
4.05.02.3 Pre-Tenure Review (Third Year Review)

The goal of third year review (pre-tenure review) is to promote faculty development by providing probationary faculty an opportunity for a more in-depth, formative review than is provided by the annual faculty evaluation. Third year review is a formal step in the continuous evaluation of faculty performance. Pre-tenure review is part of an integrated system of pre-tenure, promotion and tenure, and post-tenure review.

Pre-Tenure Review takes the place of the annual evaluation in the faculty member’s third year and serves to guide probationary faculty toward successful promotion and tenure review. In conjunction with the appropriate administrator in the faculty member’s academic unit, candidates shall also prepare a faculty development plan which outlines the steps to be taken toward successful progress for promotion and tenure. In cases where the evaluator concludes that satisfactory progress has not yet been achieved, then together, the faculty member and the reviewer shall draw up a development plan and identify resources necessary for improvement. However, neither satisfactory performance on the review nor fulfillment of the development plan can be construed as a guarantee of promotion or tenure.

If a faculty member feels that their Pre-Tenure Review is inaccurate and/or detrimental:

- The faculty member may respond in writing to the pre-tenure review evaluation; in this case the response shall be attached to the evaluation. The evaluator shall acknowledge in writing the receipt of this response and shall note any changes in the pre-tenure review made as a result of either the conference or the faculty member’s written response.

- The faculty member who has written a response and feels that the pre-tenure review written by the evaluator is still inaccurate and/or detrimental may file a written request that the Provost review the pre-tenure review and the response. A written summary of that review shall be furnished to the faculty member and to the evaluator by the Provost.

The results of the pre-tenure review shall be reflected in the annual salary recommendations.

4.05.02.4 Promotion and Tenure Review

See Sections 4.06 (Criteria for Promotion) and 4.07 (Criteria for Tenure) for further details of this process.

4.05.02.5 Post-Tenure Review

Post-Tenure review takes place every five years after tenure is awarded. See Section 4.07.03 (Post-Tenure Review) for further details of this process.

4.05.02.6 Documentation: The Faculty Portfolio

1. Tenured or tenure-track faculty members

Each member of the faculty shall develop and maintain a portfolio containing a summary record of his or her academic professional career. The purpose of the portfolio for tenured or tenure-track faculty
members is to summarize the faculty member’s activities at MGA in teaching, scholarship, professional development, service to the institution, and professional service to the community. The portfolio also contains a record of the faculty member’s immediate (one year) and future (five year) plans for progress toward promotion, tenure, and/or pre/post-tenure review. Although the portfolio may be maintained in hard copy, for the purpose of review, it shall be submitted electronically and shall contain the following:

- Section E: Summary of student evaluations of all courses for the past five years (a link to teaching evaluations will be provided by Institutional Research)
- Section F: Self-evaluations for the past five years
- Section G: Evaluations from immediate supervisor for the past five years
- Section H: Development Plan for the next five years.
- Appendix: Other relevant material. Candidates are strongly urged to include only material directly relevant to their professional activities and to employ their best professional judgment as to what belongs in this section.

The portfolio shall be submitted according to guidelines provided by the Promotion, Tenure and Post-Tenure Review Committee.

2. Non-Tenure Track Faculty Members

The purpose of the portfolio for non-tenure track faculty members is to summarize the faculty members’ performance in teaching; therefore, only the items that relate directly to teaching apply. The contents of the portfolio for non-tenure track faculty shall include an updated vita, copies of all student evaluations, copies of all annual evaluations, a brief statement of teaching philosophy (the one from the application file will suffice), and any other materials that the faculty member wishes, including letters from other faculty, certificates of training or transcripts of coursework, and/or evidence of community service.

4.06 Criteria for Promotion

4.06.01 BOARD OF REGENTS’ POLICY

Board of Regents policy requires that each University System institution shall establish clearly stated promotion criteria and procedures that emphasize excellence in teaching for all teaching faculty. These policies will be submitted to the University System Chief Academic Officer for review.

Minimum for all three types of institutions in all professorial ranks:

1. Superior teaching

2. Outstanding professional service to the institution and/or the community

3. Outstanding research, scholarship, creative activity, or academic achievement:
professionals value a wide range of research methods that align with the Boyer model (Boyer, Ernest L. 1990. *Scholarship Reconsidered*. New York: The Carnegie Foundation for the Advancement of Teaching). The Boyer model encompasses these areas of scholarship: the scholarship of discovery, the scholarship of integration, the scholarship of application, and the scholarship of teaching. Each department defines how its activities in scholarship apply to the Boyer model.

4. Professional growth and development (BR Minutes, October 2008)

- Noteworthy achievement in all four of the above need not be demanded but should be expected in at least two. A written recommendation should be submitted by the head of the department concerned setting forth the reasons for promotion. The faculty member's length of service with an institution shall be taken into consideration in determining whether or not the faculty member should be promoted.

- State Universities: In addition to the minimum requirements above, promotion to the rank of professor requires the earned doctorate or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee per se of promotion.

Board of Regents' approval of University System of Georgia institutions to prepare teachers includes the expectation that public colleges and universities with a teacher preparation mission will collaborate with the K-12 schools. University System institutions that prepare teachers will support and reward all faculty who participate significantly in approved teacher preparation efforts and in school improvement through decisions in promotion and tenure, pre-tenure and post-tenure review, annual review and merit pay, workload, recognition, allocation of resources, and other rewards.

Participation in teacher preparation and in school improvement may include documented efforts of these faculty members in:

- Improving their own teaching so as to model effective teaching practices in courses taken by prospective teachers,
- Contributing scholarship that promotes and improves student learning and achievement in the schools and in the university, and
- Collaborating with public schools to strengthen teaching quality and to increase student learning.
- The Chancellor shall issue guidelines, to be published in the Academic Affairs Handbook, which serve to encourage formal institutional recognition and reward for all faculty members in realizing the expectations embodied in this policy (BR Minutes, October 2006).

1. For promotion to Associate Professor, the candidate must have a minimum of eighteen semester hours of graduate credit in the candidate’s teaching discipline and must hold a minimum of a master's degree. Neither the possession of a master's degree nor longevity of service is a guarantee per se of promotion.

2. To be eligible for promotion to Professor, the candidate must hold an earned doctorate degree or equivalent in training, ability, and/or experience. Neither the possession of a doctoral degree nor longevity of service is a guarantee per se of promotion.

5. Strong justification should be provided in support of any recommendation of promotion to Associate Professor or Professor if the candidate has not earned the terminal degree in the discipline.

6. A faculty member may be tenured without being promoted, but it shall not be possible for a faculty member to be promoted without a grant of tenure.

7. Individuals who are appointed initially at the rank of Associate Professor or Professor are not permitted to receive tenure prior to the fifth year of appointment unless probationary credit has been granted.
8. Probationary credit is not granted for promotion. Individuals who seek promotion to Professor must have served as a tenured Associate Professor for a minimum of four full years at the institution prior to the year of consideration, regardless of the rank at initial appointment.

**Criteria for Promotion for Administrative Faculty**

When a candidate for promotion is an academic administrator, the candidate shall be evaluated on the same areas as a faculty candidate. In lieu of or in addition to classroom teaching, the candidate may demonstrate successful mentoring and leadership.

**Procedures and Calendar for Applying for Promotion for Faculty**

1. By the 2nd Friday in April prior to the year of consideration, the candidate must initiate the process for promotion by email to the candidate’s immediate academic supervisor (e.g., Chair, Dean, or Provost in the case of an academic administrator), the Chair of the Promotion, Tenure, and Post Tenure Review Committee, and the Provost.

2. By the 1st Friday in September, the Provost, in consultation with the Chair of the Promotion, Tenure, and Post Tenure Review Committee, shall meet with Deans to verify that the candidate meets the minimum time-in-rank requirements to be eligible.

3. By the 3rd Friday of September, subcommittees shall be formed at the department and school level and verified by and registered with the Promotion, Tenure, and Post Tenure Review Committee. Subcommittees will be formed according to the following process:

   a. Each school shall elect TWO (2) members at the rank of Professor to serve on all subcommittees for faculty in that school. Elections will be conducted by the PTPTR committee no later than the 2nd Friday of September.

   b. In the event that a school does not have two faculty members at the rank of Professor, any vacancies will be filled by members of the PTPTR committee.

   c. The third member of the subcommittee shall be a member of the faculty at large, at rank, designated by the candidate. Candidates may not choose a designee who is in their direct line of reporting.

   d. Each subcommittee shall choose its own chair.

4. By the last Friday in September, the portfolio is submitted electronically so that all reviewers shall have simultaneous access.

5. By the 3rd Friday of October, a letter of support or non-support shall be uploaded to the portfolio by the Chair (if there is a Chair) and the Dean. The candidate may request a letter be submitted by the Assistant Chair. This letter must address teaching, service, scholarship, and professional growth and development; the section of the letter on scholarship should address whether the scholarship meets the standards of the candidate’s academic unit.

6. By the 3rd Friday of November, the subcommittee shall have completed its interview. Each candidate for promotion shall be reviewed by a school-wide
and/or department-wide three-person subcommittee, which shall receive appropriate training.

In the event that a faculty member is a candidate for both promotion and tenure, recommendations for action shall be determined by a single Promotion, Tenure, and Post Tenure Review subcommittee.

7. By the 3rd Friday in November and after careful examination of the candidate’s credentials as evidenced in the portfolio, the subcommittee shall conduct an interview with the candidate. The interview shall be primarily for purposes of clarification and amplification of material submitted. Each subcommittee chair shall make a record of the interview to be submitted to the Chair of Promotion and Tenure Review Committee. At the conclusion of the interview and following discussion, the members of the subcommittee shall vote by secret ballot to recommend the acceptance or rejection of the application for promotion. At this time, the results of this ballot shall be made known to the subcommittee.

8. By the 3rd Friday in January, subcommittee reports shall be submitted to the Provost and the Chair of the Promotion, Tenure, and Post Tenure Review Committee who shall share and discuss the decisions with the Committee for their information and as a way providing a context for such decisions. All reports must be accompanied by an explanation of how the candidate met or failed to meet the criteria for promotion.

9. By the 1st Friday in April, the President or his or her designee shall notify the applicant by letter of the institution’s decision.

10. Within 30 days of the date of the letter, the applicant, if disagreeing with the President’s decision, may appeal in writing to the President.

11. Within 30 days of the date of appeal and after requesting that the Promotion, Tenure, and Post Tenure Review Committee verifies that the process was followed and upon reviewing any optional report that said Committee might issue, the President notifies the applicant of the final decision.

12. Individuals receiving promotion shall receive an increase in salary (amount TBD). All salary adjustments are subject to the availability of funds.

**Procedures and Calendar for Applying for Promotion for Administrators**

1. By the 2nd Friday in April prior to the year of consideration, the candidate must initiate the process for promotion by email to the Chair of the Promotion, Tenure, and Post Tenure Review Committee, and the Provost. This email must be sent by the candidate prior to the year of consideration.

2. By the 1st Friday in September, the Provost, in consultation with the Chair of the Promotion, Tenure, and Post Tenure Review Committee, shall verify that the candidate meets the minimum time-in-rank requirements to be eligible.
3. By the 3rd Friday of September, subcommittees shall be formed and verified by and registered with the Promotion, Tenure, and Post Tenure Review Committee. Subcommittees will be composed according to the following process:

   a. The membership of the subcommittee shall be composed of one academic administrator at or above the administrative level of the candidate, one faculty member outside the reporting line of the candidate at the rank of Professor, and the immediate supervisor of the candidate.

   b. The immediate supervisor of the candidate shall serve as chair of the subcommittee.

4. By the last Friday in September, the portfolio is submitted electronically so that all reviewers shall have simultaneous access.

5. By the 3rd Friday of October, any additional letters of support shall be uploaded to the portfolio.

6. By the 3rd Friday of November, the subcommittee shall have completed its interview.

Eligibility for non-tenure-track faculty (lecturers)

Lecturers who have served for a period of at least six (6) years may be considered for promotion to Senior Lecturer. If a budget line is available for a tenure-track position, Lecturers or Senior Lecturers may apply for the position using the normal application and hiring processes.

Criteria for promotion for non-tenure-track faculty to Senior Lecturer.

Promotions to Senior Lecturer are “permitted only if the lecturer has demonstrated exceptional teaching ability and extraordinary value to the institution” (8.3.8.1 of the BOR Policy Manual). Although allowed by policies of the Board of Regents, “early” promotion to Senior Lecturer is rare and may only be considered under the terms of section 4.5 of the BOR Policy Manual.

Procedures and Calendar for Applying for Promotion for non-tenure track faculty (lecturers)

1. By the 2nd Friday in April prior to the year of consideration, the candidate must initiate the process for promotion by email to the candidate’s immediate academic supervisor (e.g., Chair or Dean), the Chair of the PTPTR Committee, and the Provost.

2. By the last Friday in September, the candidate submits the following items in an electronic portfolio to the Dean:
   a. Candidate Letter of Intent to Apply for Promotion;

   c. Curriculum vita;
   d. Summary of evaluations of all courses for the past five years;
   e. Evaluations from immediate supervisor for the past five years.

4. By the 3rd Friday in November and after careful examination of the candidate’s credentials as evidenced in the portfolio, the PTPTR Committee shall vote by secret ballot to recommend the approval or rejection of the application for promotion. At this time, the results of this ballot shall be made known to the PTPTR Committee. The Chair of the PTPTR Committee shall record the votes and recommendation on the Status Change to Senior Lecturer Report Form.
5. By the 3rd Friday in January, the Chair of the PTPTR Committee shall submit all forms to the Provost. In making a recommendation to the President, the Provost shall be aware that “not more than 20 percent of an institution’s FTE corps of primarily undergraduate instruction may be lecturers and/or senior lecturers” (8.3.8.1 of the BOR Policy Manual).
6. By the 1st Friday in April, the President or his or her designee shall notify the applicant by letter of the institution’s decision.
7. Within 30 days of the date of the letter, the applicant, if disagreeing with the President’s decision, may appeal in writing to the President.
8. Within 30 days of the date of appeal and after requesting that the PTPTR Committee verifies that the process was followed and upon reviewing any optional report that said Committee might issue, the President notifies the applicant of the final decision.

4.07 Tenure and Criteria for Tenure

4.07.01 BOARD OF REGENTS’ POLICY

Board of Regents policy requires that each institution in the University System, with the exception of Georgia Gwinnett College, shall establish clearly stated tenure criteria and procedures that emphasize excellence in teaching for all teaching faculty (BR Minutes, October 2008). Such policies shall conform to the requirements listed below and shall be reviewed and approved by the University System chief academic officer (BR Minutes, August 2007). The requirements listed below shall be the minimum standard for award of tenure, but they are to be sufficiently flexible to permit an institution to make individual adjustments to its own peculiar problems or circumstances. These policies are to be considered a statement of general requirements which are capable of application throughout the System and are not a limitation upon any additional standards and requirements which a particular institution may wish to adopt for its own improvement. Such additional standards and requirements, which must be consistent with the Regents' policies and approved by the Board of Regents, shall be incorporated into the statutes of an institution.

Board of Regents' approval of University System of Georgia institutions to prepare teachers includes the expectation that public colleges and universities with a teacher preparation mission will collaborate with the K-12 schools. University System institutions that prepare teachers will support and reward all faculty who participate significantly in approved teacher preparation efforts and in school improvement through decisions in promotion and tenure, pre-tenure and post-tenure review, annual review and merit pay, workload, recognition, allocation of resources, and other rewards.

Participation in teacher preparation and in school improvement may include documented efforts of these faculty members in:

- Improving their own teaching so as to model effective teaching practices in courses taken by prospective teacher;
• Contributing scholarship that promotes and improves student learning and achievement in the schools and in the university, and
• Collaborating with public schools to strengthen teaching quality and to increase student learning.
• The Chancellor shall issue guidelines, to be published in the Academic Affairs Handbook, which serve to encourage formal institutional recognition and reward for all faculty in realizing the expectations embodied in this policy (BR Minutes, October 2006).

Criteria for Tenure (BR Minutes, August 2007)

Minimum for all institutions in all professorial ranks:

A. Superior teaching, demonstrating excellence in instruction
B. Academic achievement, as appropriate to the mission
C. Outstanding service to the institution, profession, or community
D. Professional growth and development

Noteworthy achievement in all four of the above need not be demanded, but should be expected in at least two.

A written recommendation should be submitted by the head of the department concerned, setting forth the reasons for tenure. The faculty member's length of service with an institution shall be taken into consideration in determining whether or not the faculty member should be tenured.

**State Universities:** In addition to the minimum criteria above, tenure requires the earned doctorate or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee of tenure.

Tenure resides at the institutional level. Institutional responsibility for employment of a tenured individual is to the extent of continued employment on a 100 percent workload basis for two out of every three consecutive academic terms until retirement, dismissal for cause, release because of financial exigency, or program modification as determined by the Board.

Only assistant professors, associate professors, and professors are eligible for tenure. Lecturers and Senior Lecturers are not eligible for promotion. Normally, only faculty members who are employed full-time (as defined by Regents' policies) by an institution are eligible for tenure; however, faculty members holding these professional ranks who are employed by or on the staff of a USG institution on less than full-time basis and who are assigned by the USG institution to hold an appointment at a non-USG institution corporate or governmental entity shall, subject to the approval of the Chancellor, be eligible for promotion and/or the award of tenure by the institution president (BoR Minutes, August 2007; November 2013).

The term "full-time" is used in these tenure regulations to denote service on a 100% work load basis for at least two out of three consecutive academic terms. Faculty with non-tenure track appointments shall not acquire tenure. The award of tenure is limited to the above academic ranks and shall not be construed to include honorific appointments, such as adjunct appointments (BR Minutes, October 2008).

Tenure may be awarded, upon approval of the President after the completion of a probationary period of at least five years of full-time service at the rank of assistant professor or higher (BR Minutes, August 2007). The five-year period must be continuous except that a maximum of two years interruption because of a leave of absence or part-time service may be permitted provided, however,
that an award of credit for the probationary period of an interruption shall be at the discretion of the President. In all cases in which a leave of absence, approved by the President, is based on birth or adoption of a child or serious disability or prolonged illness of the employee or immediate family member, the five-year probationary period may be suspended during the leave of absence. A maximum of three years' credit toward the minimum probationary period may be allowed for service in tenure track positions at other institutions or for full-time service at the rank of lecturer at the same institution. Such credit for prior service shall be approved in writing by the president at the time of the initial appointment at the rank of assistant professor or higher. Notwithstanding anything to the contrary in this Policy Manual, in exceptional cases an institution president may approve an outstanding distinguished senior faculty member for the award of tenure upon the faculty member's initial appointment; such action is otherwise referred to as tenure upon appointment. Each such recommendation shall be granted only in cases in which the faculty member, at a minimum, is appointed as an associate or full professor, was already tenured at a prior institution, and brings a demonstrably national reputation to the institution. If the person is being appointed to an administrative position and has not previously held tenure, the award of tenure must be approved by the Chancellor (BR Minutes, August 2007).

Except for the approved suspension of the probationary period due to a leave of absence, the maximum time that may be served at the rank of assistant professor or above without the award of tenure shall be seven years provided, however, that a terminal contract for an eighth year may be proffered if a recommendation for tenure is not approved by the president. The maximum time that may be served in combination of full-time instructional appointments (lecturer or professorial ranks) without the award of tenure shall be 10 years provided, however, that a terminal contract for the 11th year may be proffered if a recommendation for tenure is not approved by the president BR Minutes, 1992-93, p. 188; April 2000, pp. 31-32; August 2007).

To carry out special instructional functions such as basic skills instruction, institutions, including Georgia Gwinnett College, may appoint instructional staff members to the position of lecturer. Lecturers are not eligible for the award of tenure. Reappointment of a lecturer who has completed six (6) consecutive years of service to an institution will be permitted only if the lecturer has demonstrated exceptional teaching ability and extraordinary value to the institution. The reappointment process must follow procedures outlined by the institution (BoR Minutes, February 2007).

The title of senior lecturer may be used at the discretion of institutions that employ lecturers. Institutions are discouraged from initial hiring at the senior lecturer level. Lecturers who have served for a period of at least six (6) years at the employing institution may be considered for promotion to senior lecturer if the institution has adopted this title and has clearly stated promotion criteria.

Promotion to senior lecturer requires approval by the president. Reappointment procedures for senior lecturers follow the same reappointment procedures as those for lecturers. Senior lecturers are not eligible for the award of tenure (BoR Minutes, August 2002).

Not more than 20 percent (20%) of an institution’s FTE corps of primarily undergraduate instruction may be lecturers and/or senior lecturers (BoR Minutes, 1992-93, p. 188).

Tenure or probationary credit towards tenure is lost upon resignation from an institution, written resignation from a tenured position in order to take a non-tenured position, or written resignation from a position for which probationary credit toward tenure is given in order to take a position for which no probationary credit is given. In the event such an individual is again employed as a candidate for tenure, probationary credit for the prior service may be awarded in the same manner as for service at another institution.
Upon approval of the award of tenure to an individual by the president, that individual shall be notified in writing by the president of his or her institution with a copy of the notification forwarded to the University System chief academic officer.

**4.07.02 TENURE CONSIDERATIONS AT MIDDLE GEORGIA STATE UNIVERSITY**

**A. Principle of Faculty Tenure**

Tenure resides at the institutional level. The principle of faculty tenure imposes reciprocal responsibilities upon the institution and the faculty member: The institution provides academic freedom and continued employment on a 100 percent workload basis for two out of every three consecutive academic semesters (including summer semesters) until retirement, dismissal for cause, or release because of financial exigency. The faculty member is obligated to maintain high standards of professional performance and professional ethics.

A candidate for tenure must not only meet the designated minimum period of service, but also must meet what are at that time the long range needs of the institution and must show a history of evaluations that merits the award of tenure.

**B. Pre-tenure Review**

For information about the pre-tenure (third-year) review process, see section 4.05.02.3

**C. Eligibility and Probationary Period for Tenure**

a. Only Assistant Professors, Associate Professors, and Professors who are normally employed full-time by the institution are eligible for tenure. The term “full-time” is used in these regulations to denote service on a 100 percent workload basis for at least two out of every three consecutive academic semesters. The period of time August-May shall constitute one year of academic tenure credit.

b. Faculty members with adjunct, part-time, or other appointments shall not acquire tenure.

c. Candidates failing to receive tenure at the end of their fifth or sixth year are eligible to re-apply during the following year according to the tenure application process. One who is denied tenure in the last year of eligibility will be given a terminal contract for their final year of employment.

**Minimum Time**

While it is possible for a faculty member to seek tenure during the fifth year of employment in a tenure-track position, such a tenure bid is considered early and should be reserved for faculty of exceptional caliber. Normally, candidates will undergo tenure review during the sixth or seventh year. The following table provides an example of the standard time in which tenure may be awarded:

<table>
<thead>
<tr>
<th>Year</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013-2014</td>
<td>Year of Hire</td>
</tr>
<tr>
<td>2014-2015</td>
<td>Second Year</td>
</tr>
<tr>
<td>2015-2016</td>
<td>Third Year</td>
</tr>
<tr>
<td>2016-2017</td>
<td>Fourth Year</td>
</tr>
<tr>
<td>2017-2018</td>
<td>Fifth Year: Faculty member notifies of intention to apply for tenure</td>
</tr>
<tr>
<td>2018-2019</td>
<td>Sixth Year: Committee reviews faculty member</td>
</tr>
</tbody>
</table>
A maximum of three years credit toward the minimum probationary period may be allowed for service in tenure track positions at other institutions. Such credit for prior service shall be defined in writing by the President and by the Board of Regents at the time of the initial appointment at the rank of Assistant Professor or higher.

Faculty with probationary credit toward tenure only may be considered when their probationary credit plus years of service equals five or more years.

**Maximum Time Served Without Tenure**

Except for the approved suspension of the probationary period due to a leave of absence, the maximum time that may be served at the rank of Assistant Professor or above without the award of tenure shall be seven years provided, however, that a terminal contract for an eighth year may be proffered if a recommendation for tenure is not approved by the President.

The maximum time that may be served in any combination of full-time, tenure track instructional appointments (lecturer or professorial ranks) without the award of tenure shall be ten years provided, however, that a terminal contract for an eleventh year may be proffered if a recommendation for tenure is not approved by the President.

**C. Criteria for Tenure**

a. Tenure is based upon merit.

b. To be eligible for tenure the candidate must meet the following:
   1. A record of superior teaching
   2. A record of outstanding service to the institution, school, or department
   3. A record of scholarship
   4. A record of professional growth and development
   5. A record of professional service to the community

c. Each of the above areas shall be examined as follows:

- Teaching effectiveness, the most important area, shall be determined by examination of such items as the last five years’ student evaluations of classroom and/or clinical performance and, at the discretion of the person being reviewed, evidence of teaching effectiveness such as earlier student evaluations, written evaluations by colleagues or immediate academic supervisor, student communications, course modifications, use of self-devised evaluative instruments, or additional use of any other relevant material.

- Service to the institution shall be determined by an examination of such matters as participation on institution-wide committees (with emphasis on such factors as being chair or recorder or serving on several committees), service on school committees, administrative assignments (such as serving on Regents’ Advisory Committees or special task force committees), and other relevant duties (such as advising a club, assisting with student activities, arranging lectures or performances for the institution, coordinating or judging pre-collegiate competitions held at the institution, etc.). At his or her discretion, the faculty member may provide additional evidence of service to the institution.

- Scholarship includes publication in professional journals, presentation of original work at conferences, and other activities deemed to meet the academic unit’s standards of academic research.

- Professional growth and development shall be evaluated by examining such matters as activities in professional societies (memberships, attendance at
conventions, leadership roles, serving as panelists or commentators, presenting papers, etc.).

- Professional service to the community includes speeches, lectures, memberships in community organizations, service projects, and such other matters involving the use of the faculty member's professional expertise for the benefit of the community.

D. Procedures and Calendar for Applying for Tenure for Academic Administrators

The process for tenure candidacy for academic administrators is identical to that for promotion for academic administrators. In the event that an academic administrator is a candidate for both promotion and tenure, recommendations for action shall be determined by a single Promotion and Tenure Review Subcommittee. See Section 4.06.02 (Eligibility, Criteria, and Procedure for Promotion at Middle Georgia State University) for details about the application process.

E. Procedures and Calendar for Applying for Tenure for Faculty

The process for tenure candidacy is identical to that for promotion. In the event that a faculty member is a candidate for both promotion and tenure, recommendations for action shall be determined by a single Promotion, Tenure, and Post Tenure Review subcommittee. See Section 4.06.02 (Eligibility, Criteria, and Procedure for Promotion at Middle Georgia State University) for details about the application process.

F. Notification of Tenure

An individual who is awarded tenure shall be notified in writing by the President with a copy of the notification forwarded to the Senior Vice Chancellor for Academic Affairs.

G. Loss of Tenure or Probationary Credit

Tenure or probationary credit toward tenure is lost upon termination from the institution, written resignation from a tenured position in order to take a non-tenured position, written resignation from a position for which probationary credit toward tenure is given in order to take a position for which no probationary credit is given, or written resignation for purposes of retirement.

In the event such an individual is again employed and becomes a candidate for tenure, probationary credit for the prior service may be awarded in the same manner as for service at another institution.

4.07.03 Post-Tenure Review

As a means of enhancing the performance of all faculty members by stressing formative development over summative evaluation, post-tenure review has the purpose of the development of the faculty member. Post Tenure Review shall take the place of annual review.

- Post-Tenure review means that all tenured faculty members are reviewed periodically in order to enhance and reward performance. This periodic review
excludes any of the following administrators even if they are tenured: President, Provost, Vice Provost, Associate and Assistant Provosts, Vice Presidents, Associate and Assistant Vice Presidents, College and School Deans, Associate or Assistant Deans, Department Chairs, and Program Coordinators/Directors, “as long as a majority of their duties are administrative” (BOR Minutes, August, 2007). For Coordinators and Directors, the VPAA shall verify whether they fall under these BOR guidelines.

- For Middle Georgia State University faculty, post-tenure review shall begin five years after the award of tenure and shall continue at five-year intervals unless interrupted by an additional review for promotion or other personnel action. The five-year interval commences after such a promotion or other personnel action. A faculty member who is on leave during the scheduled post-tenure review year would ordinarily be reviewed the year of return.
- Faculty members who notify the institution of their plans to retire within three (3) years of the date scheduled for post-tenure review are excused from the requirement for post-tenure review.

All members of the Promotion, Tenure, and Post-Tenure Review Committee and its subcommittees shall receive appropriate training in peer review, which normally occurs at the second meeting of the Committee.

Post-Tenure review shall be conducted by a committee of faculty and administrators with tenure. The PTR subcommittee shall be composed of the Dean or his or her designee at rank, the Department Chair (if there is a Chair), a member of the PTPTR Committee if there is not a Chair, and a faculty member at rank and at large chosen by the faculty member being reviewed (three total); the subcommittee shall choose a chair from among its members.

The Promotion, Tenure, and Post Tenure Review Committee shall verify the eligibility of all committee members and maintain records of the members of all subcommittees.

The evaluation shall be based upon the faculty portfolio provided by the faculty member. It is primarily the faculty member’s responsibility to ensure that all necessary material is in the post-tenure review portfolio prior to the review.

After careful examination of the post-tenure review materials using the areas of evaluation and the evaluative procedures given below, the subcommittee shall conduct an interview with the faculty member being reviewed. The interview shall be primarily for purposes of clarification and amplification. A record shall be kept of the interview.

In evaluating the performance of the faculty member, the Post-Tenure Review Subcommittee shall utilize these areas of evaluation: teaching effectiveness, service to the University, scholarship, professional growth and development, professional service to the community, and the faculty development plan. While teaching performance is the major area to be evaluated, each faculty member may also suggest other area(s) of development that shall be given special consideration. Each of the above areas shall be examined as follows:

- **Teaching effectiveness**, the most important area, shall be determined by examination of such items as the last five years’ student evaluations of classroom and/or clinical performance and, at the discretion of the person being reviewed, evidence of teaching effectiveness such as earlier student evaluations, written evaluations by colleagues or immediate academic supervisor, student communications, course modifications, use of self-devised evaluative instruments, or additional use of any other relevant material.
- **Service to the institution** shall be determined by an examination of such matters as participation on institution-wide committees (with emphasis on such factors as being chair or recorder or serving on several committees), service on university, college or school committees, intradepartmental committees, administrative assignments (such as serving on Regents' Advisory Committees
or special task force committees), and other relevant duties (such as advising a club, assisting with student activities, arranging lectures or performances for the institution, coordinating or judging pre-collegiate competitions held at the institution, etc.). At his or her discretion, the faculty member may provide additional evidence of service to the institution.

- Scholarship includes publication in professional journals, presentation of original work at conferences, and other activities deemed to meet the academic unit's standards of academic research.

- Professional growth and development shall be evaluated by examining such matters as activities in professional societies (memberships, attendance at conventions, leadership roles, serving as panelists or commentators, presenting papers).

- Professional service to the community includes speeches, lectures, memberships in community organizations, service projects, and such other matters involving the use of the faculty member's professional expertise for the benefit of the community.

- Consistent with the Board of Regents' policy directive that post-tenure review serve "the purpose of enhancing the performance of all faculty," Middle Georgia State University's post-tenure review shall include an examination of the soundness of each faculty member's career plans.

Each faculty member shall submit as part of his or her documentation a five-year Faculty Development Plan. This plan shall be based on the faculty member's analysis of his or her professional development at this stage of his or her career. The Faculty Development Plan is a necessary part of the post-tenure review process. It in no way implies a deficiency in the faculty member's performance or a need for substantial improvement. It shall be a careful attempt to show how the faculty member may improve his or her performance in one or more of the areas.

Prior to concluding its evaluation of the faculty member, the Post-Tenure Review Subcommittee shall carefully consider the documentation, the interview, and the faculty member's stated emphasis on the areas of evaluation.

- The subcommittee shall vote by secret ballot using the following scale for one general rating:
  1 = Does Not Meet Expectations
  2 = Meets Expectations
  3 = Exceeds Expectations

- The Chair of the Subcommittee shall count the ballots and average the scores. In the case of a “Meets” or “Exceeds” rating, the Subcommittee shall approve the Faculty Development Plan and may suggest revisions to it. The Post-Tenure Review Subcommittee shall record the score and any appropriate comments on the Post-Tenure Review Report Form. After all members of the Subcommittee have signed the Post-Tenure Review Report Form, the Chair of the Subcommittee shall give this form to the Chair of the Post-Tenure Review Committee. The Chair of the Post-Tenure Review Committee shall then give the original copy of the Post-Tenure Review Report Form to the faculty member under review and another copy to his or her College or School Dean.

- At the end of the fifth year since the faculty member's last review, the Post-Tenure Review Subcommittee then current shall evaluate the success with which the faculty member has achieved the goals of his or her Faculty Development Plan. In the cases of outstanding performance, either in the initial year of the review, the fifth year, or both, the Post-Tenure Review Subcommittee shall recommend that the faculty member receive a bonus in addition to normal salary increases. This recommendation and supporting documentation shall be sent to the Provost.

- If the Subcommittee's rating is less than two, then the candidate rates “Does Not Meet,” and the procedures in the following section will then apply:
If the Post-Tenure Review Subcommittee discovers during the initial evaluation that a faculty member's performance “Does Not Meet,” then the faculty member shall establish, with help from the Department Chair or Academic Dean, a three-year plan of development. Although this plan may incorporate features of the faculty member's original five-year plan, it shall emphasize ways to correct the problems identified by the Post-Tenure Review Subcommittee and shall specify the resources needed to assist in these efforts.

- Included in the three-year development plan shall be specific goals or achievement outcomes, activities necessary to achieve these goals, appropriate time frames within which the goals shall be accomplished, and appropriate criteria by which the Department Chair or Academic Dean shall monitor progress.
- The Department Chair or Academic Dean is responsible for forwarding the formal faculty development plan resulting from a post-tenure review to the appropriate administrative office at least one level above the faculty member's unit as specified by the institution.
- The Department Chair or Academic Dean and the administrative officer at least one level above the faculty member's administrative unit are jointly responsible for arranging for appropriate funding from the institution to support the development plan.
- After three years, the faculty member shall be reevaluated by the full Post-Tenure Review Committee which is in office at the time. This committee may be modified by the faculty member's option to strike one member and substitute an alternate of choice. If the Post-Tenure Review Committee still finds areas of unsatisfactory performance at this time, it shall recommend to the faculty member's Department Chair or College or Academic Dean and to the Provost ways in which the faculty member's duties might be reconfigured in order to capitalize upon that person's strengths. The Post-Tenure Review Committee shall make no recommendation regarding revocation of tenure or dismissal.

At the conclusion of the review by the Post-Tenure Review Subcommittee, the faculty member may either accept or appeal the conclusion by letter with reasons to the full Post-Tenure Review Committee.

### ACADEMIC PROFESSIONALS

Academic Professional titles may be assigned to appropriate positions (as defined below). Institutions are authorized to establish non-tenure track professional positions. Persons in such positions may be involved in duties of a managerial, research, technical, special, career, public service, or instructional support nature. Examples of such positions currently existing are Public Service Professional, Research Scientist, Research Associate, Research Engineer, and Research Technologist. The title Academic Professional would be similar to those currently in use (BR Minutes, February, 2007).

The designation Academic Professional would apply to a variety of academic assignments that call for academic background similar to that of a faculty member with professorial rank but which are distinctly different from professorial positions. Examples include managing instructional laboratories, assuming academic program management roles not suited for expectations applied to tenure-track faculty members, operating instructional technology support programs, being responsible for general academic advising, assuming professional student counseling center responsibilities, providing specialized skill acquisition training as support for academic programs, and working with tenure-track faculty members in course and curriculum development and in the laboratory (BR Minutes, October 2008).

General categories for Academic Professionals and the stipulations which apply to them can be found at the following:

**8.3.8.4 of the BOR Policy Manual: Academic Professionals**.

Career ladders may be established for Academic Professionals, using the following titles: Academic Professional Associate, Academic Professional, and Senior Academic Professional (BR Minutes, February 2007).

Reappointment of Academic Professionals is made annually. Notice of reappointment and non-reappointment must be made in a timely manner consistent with Board of Regents policy, using the three-month, six-month, and nine-month notification schedule depending upon length of service in the position (BR Minutes, October 2008).

All provisions of Section 8.3.8 of the Board of Regents' Policy Manual will apply to the employment of Academic Professionals.

### 4.15 Fundraising

All fundraising must be related to the purpose of the institution. Fundraising and related development activities of the institution are coordinated by the Office of University Advancement. Solicitation and/or acceptance of gifts, funds, and/or property for the benefit of or in the name of Middle Georgia State University must be approved by the Office of University Advancement who serves as the President’s designee for the endorsement of such transactions.

### Section 5: Faculty Rights and Responsibilities

#### 5.01 Academic Freedom

Middle Georgia State University recognizes that there are rights and responsibilities that exist concomitant with the academic freedoms underpinning the professional work of its faculty.

Accordingly, Middle Georgia State University operates under the principles of the American Association of University Professors (AAUP) articulated in the 1940 Statement of Principles on Academic Freedom and Tenure (with 1970 Interpretive Comments), which can be found at the [AAUP website](https://www.aaup.org). The key elements of the AAUP statement on academic freedom are the following:

1. Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties, but research for pecuniary return should be based upon an understanding with the authorities of the institution.

2. Teachers are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no relation to their subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

3. College and university teachers are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution.

#### 5.02 Academic Freedom and Students’ Rights Policy

In their interactions with students in the classroom and in other instructional venues, faculty members are expected to maintain at all times the highest standards of academic professionalism and are not to
use their courses for purposes of political or ideological indoctrination. The 1970 Interpretive Comments add that the “intent” of the statement on classroom discussion “is not to discourage what is ‘controversial.’ Controversy is at the heart of the free academic inquiry which the entire statement is designed to foster. The passage serves to underscore the need for teachers to avoid persistently intruding material which has no relation to their subject.” Faculty members are also to make every effort to assure unimpeded intellectual diversity in their classes, and they should avoid the appearance that students who disagree with their views on matters of opinion will in any way be penalized or put at a disadvantage.

Student Procedure for Filing a Grievance

Any student who believes that individual academic rights have been violated may seek redress by following the established procedure for filing a grievance. It is important that both students and faculty have a common understanding of the procedure for resolving such grievances.

The following procedure is not applicable to cases involving discrimination, sexual harassment, or violation of stated grading policy. In those instances, established procedures as outlined in the Middle Georgia State University Student Handbook should be followed.

The introduction to the Middle Georgia State University Student Code of Conduct reads, "Laws, statutes, and regulations at the national, state, and local levels grant public institutions the authority to establish standards reasonably relevant to the lawful missions, processes, and functions of the institution. Such standards are not intended to prohibit the exercise of a right guaranteed by the Constitution or a law of the United States to a member of the academic community."

See the following for more information:

MGA Student Code of Conduct: Introduction.

Realizing that students may have grievances/complaints regarding their experiences, either inside or outside of the classroom, Middle Georgia State University has developed and published the following policies that allow students to request review of issues of concern:

Academic Grievance

In the informal grievance process, the student should first discuss any problem of an academic nature with the faculty member involved. If the grievance is not resolved at this level, the student should discuss the problem with the appropriate academic division chair. Should circumstances be such that the above steps are not appropriate or if the matter is not resolved within five days, the student should discuss the problem with the Vice President for Academic Affairs or his/her designee.

Non-Academic Grievance

If the grievance is not of an academic nature, the student should first discuss the problem with the Vice President for Student Affairs or designee. If appropriate, the Vice President of Student Affairs may refer the matter to the Affirmative Action Officer or other MGA official.

Grievance Not Covered by Specific University Policy

If the grievance involves a question of judgment or opinion not covered by institutional policies, the Vice President of Student Affairs, the Affirmative Action Officer, and other appropriate institutional officials shall, after interviewing the student and all other parties involved, discuss the matter and make recommendations to the President to resolve the problem. There shall be no retaliatory action taken by
any person against a student of the institution as a result of the student seeking redress under any of these procedures or for participating in any investigation as a complainant or witness.

**Formal Grievance Hearing**

The purpose of a formal grievance hearing is to hear the complaint of a student who has exhausted all other normal channels but who has not received satisfaction. The President will appoint a Grievance Committee of at least three persons, including a chair. The committee will meet within five working days after receiving the complaint to discuss the merits of the complaint and shall notify the parties concerned within ten working days of either its decision or of the time and place of a hearing if one is to be granted.

Formal grievance hearings shall be conducted during normal working hours and a tape recording shall be made of the proceedings. The Grievance Committee decision shall be made and reported in writing to the President and the student within ten business days. The student may appeal the decision of the Grievance Committee to the president. Such appeal shall be in writing and shall be made within ten business days. The decision of the President shall be communicated to the student in writing within ten business days of receipt of the appeal. The President’s decision shall be final.

**General Grievance/Complaint Procedure**

General complaints should be addressed to those parties directly involved. If a complaint is not resolved using these means, a formal complaint can be filed using the procedures of the Middle Georgia State University General Grievance/Complaint Policy (Hotline Reporting). The reporting system on this web site is confidential and easy to use. Global Compliance, a third-party provider specializing in this type of service, operates this system. Once a complaint is received from Global Compliance, a review is initiated at the institutional level within seven working days of its receipt. Complaints will be resolved in a timely manner and within a reasonable time frame in accordance with the nature of the complaint. Individuals who file complaints are advised when appropriate action has been taken.

**5.03 Faculty Workload Policy**

The general purposes of a workload policy are to ensure a reasonable and equitable assignment of faculty responsibilities across the institution, to ensure that faculty members contribute comparable levels of effort to the institution's collective work, and to ensure that faculty members are rewarded on the basis of their contributions. The normal workload, not to be confused with the teaching load, for tenured and tenure-track faculty includes teaching, academic advising, service to the institution, scholarship and professional development, and professional service to the community. The proportions of the different workload areas are determined by the individual faculty member and his or her College or School Dean or Department Chair through a self-evaluation plan and an official request for redirection of time which must be approved by the immediate supervisor and dean of the academic unit and the Provost (5.03.07 REASSIGNMENT OF WORKLOAD RESPONSIBILITIES). The proportion of time and energy that faculty devote to each workload area may vary from one faculty member to another according to different interests, talents, and the needs of the institution. The proportions may also vary over time according to different stages in the faculty member's career.

**5.03.01 TEACHING LOAD**

College or School Deans and Department Chairs shall make an effort to assure fair and equitable
assignment of teaching loads among their faculty, taking into account such factors as student load, number of preparations, contact hours, and travel time. Day and evening classes shall be part of the standard teaching load of faculty members at Middle Georgia State University.

MGA’s teaching load policy is 4 classes (12 semester hours) per semester for faculty with a terminal degree and 5 classes (15 semester hours) per semester for faculty without the terminal degree. MGA’s teaching load policy is 5 classes (15 semester hours) per semester for lecturers regardless of degree status.

**Overloads**

The Academic and Student Affairs Handbook of the USG discourages the payment of extra compensation for teaching overloads. Every effort must be made to adjust faculty schedules to accommodate courses as part of their normal load. The BOR strongly recommends minimizing any necessary overloads.

See the following for more information:

**4.10 of the USG Academic & Student Affairs Handbook: Faculty Overloads and Instructional Staff Responsibilities.**

To accommodate large enrollments or special situations, faculty members may teach an overload under the following guidelines:

a. The work is carried in addition to the normal full load.

b. No qualified person is available to carry the work as part of his or her normal load.

c. There is a written understanding that as soon as possible, and preferably within the academic year, they shall be given compensatory reassigned time or pay at the overload faculty rate of pay for the overload hours.

Monetary compensation for overloads is possible only upon the recommendation of the appropriate Academic Dean or Department Chair and the approval of the Provost and the President.

No faculty member shall be required to teach an overload.

Faculty overloads at Middle Georgia State University must be approved by the Department Chair, College or School Dean and Provost. Faculty can only receive overload pay for a maximum of 4 credit hours per faculty member per semester. Overload pay is not permitted for part-time employees.

Overloads are granted only if they do not affect faculty productivity in Scholarship and Service.

**5.03.02 ADVISING**

The advising of students on curricular matters is the responsibility of the faculty of Middle Georgia State University. It is the expectation of MGA that faculty are content experts in their field and knowledgeable of programs of study within their schools so they are able to accurately advise students. The responsibilities of faculty advisors include the following:

a. Assist students in progression, retention, and graduation;

b. Provide accurate information about institutional policies, procedures, resources, and programs of study;
c. Assist students in consideration of life goals, including how their personal strengths align with possible career options and the demands of the workplace;

d. Assist students in developing decision-making skills;

e. Make referrals to other institutional or community support services when necessary;

f. Assist students in evaluation or re-evaluation of progress toward establishing goals and educational plans.

5.03.03 SERVICE TO MIDDLE GEORGIA STATE UNIVERSITY

Service to the institution includes but is not limited to the following:

a. Actively participating in system, institutional, college, or school committees;

b. Involvement in institutional, college, school, or program accreditation preparation;

c. Organizing service learning experiences;

d. Advising student organizations;

e. Collaborating in institutional, college or school initiatives.

Faculty members are expected to cooperate fully with colleagues in accomplishing the total work of Middle Georgia State University, including participating in all scheduled meetings.

To provide more time for course preparation and orientation of new faculty, academic advising and committee work are kept to a minimum during the first year of employment.

5.03.04 SCHOLARSHIP AND PROFESSIONAL DEVELOPMENT

Each member of the faculty shall work consistently towards professional growth by participating as appropriate in the following activities: professional organizations; the scholarship of teaching, discovery, application, or integration; writing scholarly articles and books; formal graduate study; attending lectures, workshops, seminars, and institutes; reading and studying material relating to his or her discipline; and involvement in work experiences relating to that discipline.

New course development, implementing course changes as a result of assessment, and activities relating to pedagogy are also considered professional development and scholarship. Faculty members are expected to participate in assessment and to integrate scholarship into their teaching activities.

5.03.05 PROFESSIONAL SERVICE TO THE COMMUNITY

In all respects, Middle Georgia State University is committed to academic excellence and community service. Professional service to the community is a criterion for hiring, promotion, tenure, and merit.

Professional service to the community includes, but is not limited to, the contribution of an individual’s professional expertise with regard to leadership and major roles in community, educational, and service groups, and will be provided with no additional compensation.

5.03.06 OTHER DUTIES AND EXPECTATIONS

Faculty are expected to attend all officially designated meetings of the faculty including, but not limited to, Academic Assembly, Faculty Orientation/Convocation, Commencement, and
Department/School/College meetings unless excused by the Provost. Requests to be excused must be submitted to the immediate supervisor for submission to the Provost. All faculty members are expected to follow school policies in regards to attendance and participation in the work of the school.

5.03.07 REASSIGNMENT OF WORKLOAD RESPONSIBILITIES

Reassigned time may be granted for program development, special projects, research, approved graduate study, and administrative assignments, provided the teaching load could otherwise be handled within existing budgetary and personnel limitations. When the workload of committee assignments or research is uncommonly high, a compensating reduction in teaching load may be granted upon recommendation of the College or School Dean or Department Chair and the approval of the Provost. Faculty seeking reassigned time shall file an application with the appropriate College or School Dean or Department Chair. If approved, the request shall be forwarded to the Provost for final action.

In all cases, it is expected that the time and effort for re-assigned workload must be equivalent to the normal faculty workload. Additionally, when a faculty member is granted reassigned time for a project, the expectation is that the project will be completed within the time specified on the original request for a teaching load reduction. Faculty must demonstrate appropriate evidence of productivity in order by documentation of time, effort, and project outcomes.

5.04 Faculty Instructional Policies

The established vision, mission, and programs of Middle Georgia State University require the best teaching-learning experiences for students. The accomplishment of this ideal relies on the effective functioning of the institution’s faculty both singularly and in groups.

5.04.01 OFFICE HOURS

Faculty availability to students outside the regularly scheduled class hours is an essential element to student success and to faculty performance. Faculty members are required to be available to students through posted office hours as well as through alternate means, such as telephone and campus email, which facilitate student access to faculty members. All course syllabi must identify faculty office hours and contact information. Faculty members are encouraged to use their offices for planning lessons and courses, grading papers, engaging in scholarly activities, and conferring with students.

Office hours shall be filed in the faculty member’s academic unit. Faculty members who teach a twelve-hour course load shall hold a minimum of eight on campus office hours per week; those who teach differing course loads shall hold a proportionate number of office hours (2/3 x total credit hours taught).

5.04.02 SYLLABI

Syllabi are required for all courses. Course syllabi are to be distributed to the class at the beginning of each semester or term. A copy of the course syllabus should be given to the chair or dean who is responsible for maintaining a current file of syllabi used in the academic unit. Faculty should use the “Checklist for Syllabus” to ensure that their syllabi include the required information. The “Checklist for Syllabus” is available on the Academic Affairs website.

5.04.03 TEXTBOOK POLICY

Textbooks are selected according to the policy of the specific Department. Currency, appropriateness
for the learner, and relevance to the course are important in selecting textbooks. Since textbooks are expensive, faculty should require students to purchase only those texts which are essential to the course. The Department Chair is ultimately responsible for textbook selection.

The practice at Middle Georgia State University is to allow the use of faculty-authored textbooks, provided that the school, department, or program provides an appropriate third-party review process for the adoption of these texts. The review process for each school shall be kept on file in the Office of Academic Affairs.

Faculty members are not allowed to resell sample texts or desk copies provided by publishers or to take advantage of any financial incentives offered by publishers in the assignment of specific texts.

More information can be found at the following link:

3.10 of the BOR Policy Manual: Academic Textbooks.

5.04.04 CURRICULUM DEVELOPMENT

Curriculum and course development, changes, and evaluation are responsibilities of every teaching faculty member. When possible, curriculum development will be accomplished as part of a faculty member's normal workload. Each Academic Dean and / or Department Chair is responsible for taking the leadership in the scheduling and management of curriculum and course development. Any addition, deletion, or change in any curriculum, course, or program must be approved by the Academic Dean and/or Department Chair, the Curriculum Committee, the Faculty Senate, the President, and in certain cases, the Council on General Education and the Board of Regents.

5.04.05 ATTENDANCE POLICY

Faculty members shall maintain an attendance record for all of face-to-face and distance education classes. In addition, when submitting final grades, faculty must report students’ last date of attendance for any grades deemed unsuccessful attempts.

For face-to-face classes, attendance is documented via a record of students’ physical presence in the classroom during each class period in the semester.

For distance education, attendance is documented through a record of students’ class participation or academic engagement. Documenting that a student has logged into an online class is not sufficient by itself to demonstrate academic attendance by the student. Examples of acceptable evidence of attendance in an online class include:

- student submission of an academic assignment,
- student submission of an exam,
- documented student participation in an interactive tutorial or computer-assisted instruction,
- a posting by the student showing the student’s participation in an online study group that is assigned by the institution,
- a posting by the student in a discussion forum showing the student’s participation in an online discussion about academic matters,
- an e-mail from the student or other documentation showing that the student initiated contact with a faculty member to ask a question about the academic subject studied in the course.

Attendance records for distance education classes must include at least one participation/academic engagement checkpoint in the first two weeks of class and at least one participation/engagement checkpoint subsequent to midterm.
The Middle Georgia State University Student Catalog states that “students whose number of absences is more than twice the number of class meetings per week may be assigned a failing grade for the course at the discretion of the instructor. Students who have more absences than the number of class meetings per week, but less than twice the number of class meetings per week may be penalized at the discretion of the instructor. Students who have absences which are less than or equal to the number of class meetings per week will not be penalized” (2015-2016).

Faculty must include a statement about attendance policy and procedures in their syllabi.

**5.04.06 FACULTY ABSENCE FROM CLASS**

Faculty members are expected to meet punctually all regularly scheduled sessions of their classes. Faculty members who must miss one or more of their class sessions shall arrange with their College or School Dean or Department Chair to have their classes covered. When it is necessary to miss a class at an off-campus site, faculty members shall notify their immediate supervisor in advance, who shall notify the appropriate person at the site. In emergencies, when it is impossible to contact the immediate supervisor, the faculty member shall contact an appropriate person at the site.

**5.04.07 DIRECTIONS FOR ADMITTING A STUDENT TO CLASS**

All class rolls are available to faculty via SWORDS. It is recommended that faculty members consult their class rolls on SWORDS frequently to monitor enrollments, which are subject to many changes during the first few days of class. Any student who is not listed on a class roll shall be sent to the Registrar’s Office to determine the reason for the omission. Any student who has registered after class has begun, typically during Drop/Add, will be on the SWORDS class roll. Faculty members shall confirm with students at the outset of the class their credit or audit status.

**5.04.08 CHANGE OF SCHEDULE (DROP AND ADD PROCESS)**

Changes in schedules (Drop or Add) do not become official until the properly executed Change of Schedule forms are filed by the student in the Office of the Registrar. See the Catalog of Middle Georgia State University.

**5.04.09 NO-SHOW REPORTING**

To comply with Federal Financial Aid regulations, Middle Georgia State University developed and implemented a “no-show” reporting procedure to be used by all faculty members.

At issue are financial aid recipients who become ineligible for funds the institution has awarded if they do not attend at least one class meeting. Such students are NOT entitled to keep the financial aid award for which they are otherwise eligible. When these students (“no-shows”) are not reported in a timely manner before financial aid refunds are sent to Higher One to disburse to students, both the institution and the student may incur fiscal liability for the portion of the award that the student is no longer eligible to receive. The “no-show” reporting procedure better positions Middle Georgia State University to adjust financial aid awards before remaining balance funds are issued, thereby eliminating liability for both the institution and the student.

Faculty reporting of “no-shows” usually begins the first day of class after the drop/add period closes and usually lasts three to four days. “No-show” reporting for second session usually lasts two days. After classes begin each semester, an email is sent to all faculty and staff to provide detailed instructions on how to report “no-shows” and includes the dates of the reporting period. Faculty members are reminded that only students who have never attended a single class meeting (or in the case of an online class, have never communicated with the instructor) should be reported as “no-shows.” If a student attends the first class but is no longer attending, faculty members are NOT to report the student as a “no-show.” If a student is attending class but is not on the class roll, faculty should direct the student to the Registrar’s Office as soon as possible but not report the student as a
Faculty members are required to review all of their class rolls (available through SWORDS) during the “no-show” reporting period. After monitoring class attendance during the reporting period, faculty will appropriately annotate the roll and return it electronically using SWORDS. After the roll has been returned, corrections may be made by annotating the roll and resubmitting it through the same process while the reporting period is open.

For the purpose of reporting attendance under No-Show guidelines, a student enrolled in an online class can be marked as attending at least one class meeting if the student has completed a week one assignment, has completed the course orientation, or has otherwise made acceptable contact with the professor before the No-Show reporting deadline.

The Business Office will hold all financial aid refunds for students reported as “no-shows” and for students who appear on a roll that has not been reviewed and returned electronically by faculty. Students who think that they have been reported as “no-shows” in error will be provided a Verification of Attendance form for their professor(s) to complete. Faculty members should sign the Verification of Attendance form only if the student has attended at least one class meeting.

5.04.10 GRADES

5.04.10.1 GRADING POLICY

Faculty members are expected to know all regulations and policies related to grades. In addition, all faculty members are expected to provide the students in their classes with an explanation of the grading policy to be used in each course. A student has the right to know in advance what factors shall be used (tests, exams, quizzes, projects, discussions, etc.) in evaluating performance in class. Prior to the withdrawal date of the term, students shall receive evaluative feedback so that they may best determine their standing in the class. Additionally, students have the right to ascertain their standing in the course.

5.04.10.2 SUBMISSION OF GRADES

Faculty members are expected to submit midterm and final grades to the Registrar’s Office. Midterm grades will be submitted by the midterm date and final grades will be submitted within the time period specified by the Registrar each semester. Class rolls, available to faculty members on a real-time basis in SWORDS, are the vehicle for entering grades. If a faculty member experiences difficulty in entering grades or obtaining rolls through SWORDS, the Registrar should be contacted immediately. Information concerning final grades will be disseminated by email before the term ends. In general, final grades are due within two days after the last day for final examinations. Although abbreviated session classes have termination dates earlier than the regular full session term, grades are not due until the end of the semester. It is strongly recommended, however, that grades in abbreviated session classes be entered as soon as the term ends so that the Registrar may commit the grades to the student’s academic history. In this manner the grades will be available to students through their SWORDS accounts.

5.04.10.3 CHANGE OF GRADE

Faculty members are expected to make every effort to ensure that grades submitted to the Registrar’s Office are correct. If an error is made, however, faculty must submit a “Change of Grade Form” for each grade change. The “Change of Grade Form,” available online, must be approved by the chair and/or dean and submitted to the Registrar’s Office for processing.
5.04.10.4 INCOMPLETE GRADE FORM

If a student is doing satisfactory work in a course but for non-academic reasons beyond the student’s control is unable to meet the full requirements of the course, a grade of Incomplete (“I”) may be assigned by the instructor. The instructor of the course and the student are to arrange for completion of the course before midterm of the next semester if the student is enrolled or by the end of one calendar year if the student is not enrolled. If the “I” is not removed in the defined time period, a grade of “F” is assigned to the course by the Registrar. When the student completes course requirements, the instructor should complete a “Change of Grade Form” to be approved by the chair and/or dean and submitted to the Registrar’s Office.

The form can be found at the following link:

Change of Grade Form.

5.04.10.5 GRADE RECORDS

Although some schools or departments require that portfolios of student assignments be kept for a certain period of time, all faculty members shall retain accurate grade book records of individual assignments for a minimum of three years. These grade records shall include a numerical final class average as well as the final letter grade.

5.04.10.6 GRADE APPEALS

Assignment of grades is the responsibility of the instructor and presumes fairness and best professional judgment. It should be understood that the student who chooses to appeal a course grade must assume the burden of proof concerning any believed error in the grade assigned and should follow the grade appeal procedures as outlined in the Middle Georgia State University Academic Catalog.

5.04.11 FINAL EXAMS

All faculty members are encouraged to give a final exam in each of their courses at the scheduled time. Whether the final exam is comprehensive or not is left to the discretion of the faculty member.

5.04.12 CREDIT BY EXAMINATION AND ADVANCED PLACEMENT

See the Middle Georgia State University Academic Catalog for information on CLEP Exams. The procedure for handling Departmental Advanced Standing Credit Examinations is as follows:

a. The test instrument shall be approved by the College or School Dean and the Provost.

b. After determining that there is a departmental exam available, the student will pay the fee to the Business Office and receive a receipt and a "Credit Examination Notice" card stamped as paid. The stamped card shall be presented to the College or School Dean before the student is tested. If the student passes the exam, the card shall be signed by the College or School Dean and turned in to the Registrar's Office. If the student fails the exam, the College or School Dean shall file the card so that the record will be accessible if the student attempts to take a second exam on the same subject.

5.04.13 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

In compliance with the Family Educational Rights and Privacy Act (FERPA), a federal law enacted in 1974, students’ scores or grades should not be displayed publicly. Even with names obscured, numeric student identifiers are considered personally identifiable information and must not be used. Grades,
transcripts, or degree audits distributed for purposes of advisement should not be placed in plain view in open mail boxes located in public places. Graded papers or tests should not be left unattended on a desk in plain view in a public area, nor should students sort through papers or tests to retrieve their own work. Class rosters and grade sheets should be handled in a confidential manner, and the information contained in them should not be re-disclosed to third parties. Parents, spouses, and others do not have a right to information contained in a student’s education record.

Students who choose to have their grades disclosed to parents or other individuals may complete the “FERPA Student Consent Authorization Form to authorize Middle Georgia State University to release final grade reports for specified terms. These forms are processed in the Registrar’s Office.

Faculty may directly communicate course progress (test scores, essay grades, etc.) with an individual student via MGA student email or through MGA D2L; for these purposes, student use of MGA D2L and student email indicates prior consent for this communication.

The form can be accessed at the following link:

**FERPA Student Consent Authorization Form.**

### 5.04.14 STUDENT RIGHTS

As outlined in the 1974 Family Educational Rights and Privacy Act (FERPA), students have the right to inspect and review their education records, request the amendment of their records (if proven inaccurate or misleading), limit disclosure of personally identifiable information contained in their education record, and file a complaint with the U. S. Department of Education concerning alleged failures of the institution to comply with the law. Middle Georgia State University makes every effort to comply with the law by protecting the privacy of student records and by evaluating requests for release of information from those records. However, FERPA authorizes the release of “Directory Information” without the student’s prior consent under certain conditions which are set forth in the Act. Middle Georgia State University has defined its “Directory Information” in accordance with the law.

Directory information is information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. At Middle Georgia State University the following is designated as public or “Directory Information”: the student’s name, addresses, telephone number, date of birth, major field of study, degree sought, expected date of completion of degree requirements and graduation, degrees and awards received, dates of attendance at the institution, full- time or part-time enrollment status, the previous educational agency or institution attended, and participation in officially recognized activities and other similar information.

Directory information is information that the institution may disclose, but it is not required to do so. Middle Georgia State University does not disclose social security numbers, personal identification numbers, grades, grade point averages, class schedules, academic actions, or the number of credits the student is taking unless the student has signed a consent form that specifically identifies to whom the information is to be released.

Faculty and staff who have a need to know are permitted access to students’ records in the course of their duties as school officials. As such, the law requires them to act in a legally specified manner with regard to education records. FERPA applies to the education records of persons who are or who have been in attendance, including students in cooperative and correspondence programs. Education records are records that are 1) directly related to a student and 2) maintained by an educational agency or institution or by a party acting for the agency or institution. Access to the Banner Student
Information System is not tantamount to authorization to view the data. Faculty members are deemed to be “school officials” and can access data in the Banner Student Information System or SWORDS if they have a “legitimate educational interest.” A legitimate educational interest exists if the faculty member needs to view the education record in order to fulfill professional responsibilities. Neither curiosity nor personal interest can be considered as a legitimate educational “need to know.”

5.04.15 THE COPYRIGHT ACT OF 1976

The Copyright Act of 1976 provides the following guidelines for classroom copying in not-for-profit educational institutions:

1. SINGLE COPYING FOR TEACHERS

A single copy may be made of any of the following by or for a teacher for scholarly research or for use in teaching or for preparation to teach a class:

- A chapter from a book;
- An article from a periodical or newspaper;
- A short story, short essay, or short poem, whether or not form a collective work;
- A chart, graph, diagram, drawing, cartoon, or picture from a book, periodical, or newspaper.

2. MULTIPLE COPIES FOR CLASSROOM USE

Multiple copies (not to exceed in any event more than one copy per pupil in a course) may be made by or for the teacher teaching the course for classroom use or discussion; provided that

- The copying meets the test of brevity and spontaneity as defined below,
- Meets the cumulative effect test as defined below,
- Each copy includes a notice of copyright.

3. DEFINITIONS

A. Brevity

- Poetry: brevity is defined as a complete poem if less than 250 words and if printed on not more than two pages or from a longer poem, an excerpt of not more than 250 words. This numerical limit may be expanded to permit the completion of an unfinished line of a poem.
- Prose: brevity is defined either as a complete article, story, or essay of less than 2,500 words or an excerpt from any prose work of not less than 500 or more than 1,000 words or ten percent of the work, whichever is less. This numerical limit may be expanded to permit the completion of an unfinished paragraph.
- Illustration: brevity is defined as one chart, graph, diagram, cartoon, or picture per book or per periodical issue
- “Special” works: this term refers to certain works in poetry, prose, or “poetic prose,” which often combine language with illustrations and are intended either for children or a more general audience and fall short of 2,500 words in their entirety. Despite the prior definition of brief prose, such “special works” may not be reproduced in their entirety; however, an excerpt comprising not more than two of the published pages of such special work and containing not more than ten percent of the words found in the text may be reproduced.
B. Spontaneity

- The copying is at the instance and inspiration of the individual teacher.
- The inspiration and decision to use the work and the moment of its use for maximum teaching effectiveness are so close in time that it would be unreasonable to expect a timely reply to a request for permission.

4. CUMULATIVE EFFECT

- The copying of the material is for only one course in the school in which the copies are made.
- Not more than one short poem, article, story, or essay or two excerpts copied from either the same author; no more than three texts from the same collective work or periodical volume may be copied during one class term. This limitation does not apply to current news periodicals, newspapers, and current news sections of other periodicals.
- There shall not be more than nine instances of such multiple copying for one course during one class term. This limitation does not apply to current news periodicals, newspapers, and current news sections of other periodicals.

5. PROHIBITIONS TO SECTIONS 1 AND 2 ABOVE

Despite the copying guidelines in Sections 1 and 2, the following shall be prohibited:

- Copying shall not be used to create, replace, or substitute for anthologies, compilations, or collective works. Such replacement or substitution may occur whether copies of or excerpts from various works are accumulated or used separately.
- There shall be no copying of or from works intended to be “consumable” in the course of study or of teaching. These include workbooks, exercises, standardized tests, test booklets, answer sheets, etc.
- Copying shall not:
  - Substitute for the purchase of books, publishers’ reprints, or periodicals;
  - Be directed by a higher authority;
  - Be repeated with respect to the same item by the same teacher from term to term;
  - Be charged to the student beyond the actual cost of photocopying.

For more information, see the following web page:

Copyright Law of the United States.

5.04.16 USG COPYRIGHT POLICY’S FAIR USE EXCEPTION

According to the University System of Georgia Copyright Policy’s Fair Use Exception, “One may make fair use of a copyrighted work without the copyright holder’s permission. The determination of whether a use of a copyrighted work is within fair use depends upon making a reasoned and balanced application of the four fair use factors set forth in Section 107 of the U. S. Copyright Act. Those factors are:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole;
- the effect of the use upon the potential market for or value of the copyrighted work.

All four factors should be evaluated in each case, and no one factor will determine the outcome. While fair use is intended to apply to teaching, research, and other such activities, an educational purpose alone does not make a use fair. The purpose and character of use is only one of four factors that users must analyze in order to conclude whether or not the use is fair, and therefore lawful.
Moreover, each of the factors is subject to interpretation as courts work to apply the law. Working through the four factors is important. Simple rules and solutions may be compelling, but by understanding and applying the factors, users receive the benefits of the law’s application to the many new needs and technologies that continue to arise at members institutions within the University System of Georgia.”

More information about the Fair Use Exception is available at the following section of the University System of Georgia website:

**Introduction to the Fair Use Checklist.**

More information about applying these standards to electronic course reserves can be found at the following section of the University System of Georgia website:

**Additional Guidelines for Electronic Reserves.**

---

**5.04.17 TECHNOLOGY USE IN ONLINE COURSES**

1. Desire2Learn is the official Learning Management System for online courses at Middle Georgia State University.
2. Desire2Learn must be used to deliver or link to course content, and it must be used exclusively for electronic collection and storage of sensitive student data, including assessments in accordance with the Family Educational Rights and Privacy Act (FERPA).
3. These policies represent minimum requirements; departments and schools may implement additional policies, provided they do not conflict with the one listed here.

**5.05 Grant Proposals, Research Involving Human Subjects, and Intellectual Property**

**5.05.01 GUIDELINES FOR RESEARCH AND GRANT PROPOSALS**

Middle Georgia State University has developed a process required for submission of grant proposals by faculty. Contracts and grants are external funds received through formal written application to federal, state, and local agencies, corporations, foundations, and other agencies. These funds supplement the institution’s state-appropriated funding level to assist the institution in meeting its goals. While contracts and grants may assist Middle Georgia State University in providing a margin of excellence, the institution does not rely on grant funds to replace the regular operating budget. All grants and contracts are awarded to Middle Georgia State University or the Foundation rather than to the Proposal Initiator/Project Director. Middle Georgia State University accepts fiduciary responsibility for all grants and contracts awarded, acting as the fiscal agent. Therefore, the institution is responsible for fulfilling the project’s objectives and requirements with the exception of faculty study grants awarded directly to a faculty member. Middle Georgia State University’s Contracts and Grants policies and procedures are in compliance with policies established by the University System of Georgia’s Board of Regents.

The development of an idea for a grant proposal generally begins with a staff or faculty member’s discussion with the immediate administrative supervisor or Academic Dean. The proposed grant must relate directly to and ensure conformity with the stated purpose and mission of the institution. If the proposal is approved by the appropriate administrator/dean, the initiator of the proposal must identify funding sources, prepare a proposal synopsis, and submit a completed “Notice of Intent to Apply
Form,” available online, to the Contracts and Grants Manager’s Office for review and approval by senior administrators. If the proposal is approved, the initiator may begin formal proposal activities, including developing a detailed budget proposal and providing required certifications and documentation. Fiscal Affairs is responsible for all financial and contract negotiations and must approve final proposal applications.

The form can be found at the following link:

**Notice of Intent to Apply Form.**

**5.05.02 RESEARCH INVOLVING HUMAN SUBJECTS**

Middle Georgia State University has implemented an Institutional Review Board (IRB) and developed policies related to research involving human subjects. All faculty and students of the Middle Georgia State University community contemplating research involving human subjects are responsible for familiarizing themselves with the requirements of the current Institutional Review Board (IRB) Guidelines of the Office for Human Research Protections (OHRP) located at the following link:

**Office for Human Research Protections.**

In addition, the policies of Middle Georgia State University, as provided below, must also be followed.

All faculty and students of the Middle Georgia State University community contemplating research are responsible for familiarizing themselves with the requirements of the Middle Georgia State University Institutional Review Board (IRB). These requirements, including the procedures for submitting proposals for review by the IRB, are located at the following section of the MGA website:

**MGA Institutional Review Board.**

Research is defined as any process that seeks to secure information from humans or about humans; this process need not be interactive.

Research is any endeavor that:

- is funded by Middle Georgia State University or through Middle Georgia State University channels;
- is conducted by faculty, students, or employees of Middle Georgia State University who are acting in connection with their responsibilities or relationships to Middle Georgia State University or who intend to invoke the name of Middle Georgia State University in any report of the activity involving the records of Middle Georgia State University;
- occurs on the grounds of Middle Georgia State University or uses as subjects Middle Georgia State University students, faculty, or staff in their respective roles;
- uses Middle Georgia State University faculty, staff, students, or employees to identify and/or contact clients, patients, or students to serve as subjects and includes the use of MGA equipment for the purpose of research;
- uses experimental drugs, agents, devices, or medical procedures.

Research is not:

- simulations of human experimentation;
- activities designed for educational purposes only in which student volunteers or other participants are clearly informed that the activities are an instructional exercise and not actual
research;
- data collection which will not be generalized outside of the classroom (reporting of data within the class is acceptable);
- data collection which will not result in an article, master’s thesis, doctoral dissertation, poster session, abstract, or any other publication or presentation outside of the classroom.

Exception:

Use of experimental drugs, agents, devices, or medical procedures, even when done by students, always constitutes human subjects research and requires prior Institutional Review Board approval. The purpose for this process is not only to protect the institution, but also to protect those individuals who are participating in this research.

It is essential that the proposal be submitted in sufficient time to allow for proper institutional review prior to initiation of research or submission of proposals to granting organizations. The Board meets on or about the fifteenth day of each month. All applications (exempt, expedited, and full review) are due by the first of each month. Applicants should receive feedback within five business days after the meeting of the Board.

For Faculty Research:

Informed consent is required in ALL research projects requiring full IRB review and in most research projects which qualify for expedited review or are exempt from review. To qualify for a waiver of the informed consent requirement, a research project must meet the following guidelines:

- the research must involve no more than minimal risk to subjects,
- the waiver must not adversely affect the rights and welfare of the subjects,
- the research cannot practicably be carried out without the waiver, and
- where appropriate, the subjects must be provided with additional pertinent information after they have participated in the study.

In research with minors or other vulnerable populations, informed consent is especially necessary and must be obtained from parent(s) or legal guardian(s). An understandable explanation of the research procedures should also be given to the minors or other vulnerable participants (populations such as pregnant women, prisoners, those who lack the capacity to consent, non-English speaking individuals, etc.) for whom consent has been obtained, and they should be given the chance to volunteer to participate in the proposed activity. This is called “assent.” Their wishes determine their participation. A Model Informed Consent Form is available online on the Middle Georgia State University website.

For Student Course-Directed Human Subjects Research:

For some classes, students are required to collect data on human subjects to enhance their understanding of research methodology. “Course-Directed Human Subjects Research” refers to any student HSR that is designed to develop or contribute to hands-on learning. Students may not be familiar with the federal government’s policies that govern this type of research. For this reason, proposed student HSR must be reviewed and approved by the Institutional Review Board prior to initiation of the course work.

Students conducting Human Subjects research should follow these parameters:

- No Minors or Vulnerable Populations: The project cannot include minors or other vulnerable populations such as pregnant women, prisoners, those who lack the capacity to consent, non-English speaking individuals, etc.
- No More Than Minimal Risk: “Minimal risk” is the probability and magnitude of
harm that is normally encountered in the daily lives of healthy individuals. This also precludes the study of any illegal activities.

- No Deception: The project cannot include any deception. Individuals must be fully informed and given the opportunity voluntarily to consent to participation.
- No Publication: Data from student projects approved under this review category cannot be used for publication or for thesis/dissertation research.

Responsibility of Instructors Overseeing Student Research:

- Course instructors are responsible for submitting all of the applications for Human Subjects Research. All applications, along with the class roll, should be submitted at the same time.
- Instructors are responsible for instructing students in ethical principles for the protection of the human subjects and the relevant institutional policies and procedures.
- Instructors are also responsible for prior review of the applications before they are sent to the Office of Institutional Research.

5.05.03 INTELLECTUAL PROPERTY

The Board of Regents of the University System of Georgia has developed policies related to Intellectual Property that can be found at the following:

The following provides definitions of intellectual property and related terms:

See also the following:

Middle Georgia State University has adopted the following policies in regards to the determination of rights and equities in intellectual property:

A. Sponsor-Supported Efforts
The grant or contract between the sponsor and the institution under which Intellectual Property is produced may contain specific provisions with respect to disposition of rights to these materials. The sponsor may choose to do one of the following:

- specify that the materials be placed in the public domain;
- claim reproduction, license-free use, or other rights;
- assign all rights to the institution. In those cases where royalty income is realized by the institution, the inventor or creator may appropriately share in the royalty income. The nature and extent of inventor or creator participation in royalty income, however, shall be subject to sponsor and institution agreements.

B. Institution-Assigned Efforts
Ownership of Intellectual Property developed as a result of assigned institutional effort shall reside with the institution; however, sharing of royalty income with the inventor or creator is authorized as an incentive to encourage further development of Intellectual Property. The nature and extent of inventor or creator participation in royalty income, however, shall be the decision of the institution.

C. Institution-Assisted Individual Effort
Ownership of Intellectual Property developed by faculty, staff, or students of the institution where the institution provides support of their efforts or use of institution resources in more than a purely incidental way (unless such resources are available without charge to the public) shall be shared by the inventor or creator and the institution. The nature and extent of inventor or creator participation in royalty income, however, shall be the decision of the institution.

D. Individual Effort

Ownership rights to Intellectual Property developed by faculty, staff, or students of the institution shall reside with the inventor or creator of such Intellectual Property provided that:

- there is no use, except in a purely incidental way, of institution resources in the creation of such Intellectual Property (unless such resources are available without charge to the public);
- the Intellectual Property is not prepared in accordance with the terms of an institution contract or grant;
- the Intellectual Property is not developed by faculty, staff, or students as a specific institution assignment. The general obligation to produce scholarly and creative works does not constitute a specific assignment for this purpose. The nature and extent of the use of institution resources shall be subject to institution regulations and shall be determined by the institution.

E. Other Efforts

Ownership rights to Intellectual Property developed under any circumstances other than those listed in Section 5.05.03 A-D of this policy shall be determined on an individual basis and approved by the President of Middle Georgia State University or his or her designated representative. The nature and extent of inventor or creator participation in royalty income, however, shall be the decision of the institution.

5.06 Faculty Grievance Policy and Procedure

5.06.01 INSTRUCTIONS FOR A FACULTY MEMBER FILING A GRIEVANCE

These procedures apply to all employee grievances that arise while employed at Middle Georgia State University. It is the policy of the institution that all employee grievances will be resolved promptly and fairly and that all employees shall receive fair and equitable treatment.

Grievance procedures are designed to promote accessibility, simplicity, speed, and standards of fairness that will encourage employees to select the internal procedure route over an external route in seeking redress of perceived injustices.

There shall be no retaliatory action taken by any employee of Middle Georgia State University against any other employee of the institution as a result of an employee seeking redress under these procedures, cooperating in an investigation, or otherwise participating in any proceeding under these procedures. Such retaliatory action is prohibited and shall be regarded as a separate and distinct grievance under these procedures.

Faculty and staff members may request a grievance review (either informally or formally) in matters concerning terms and conditions of employment and unlawful discrimination. Matters involving alleged discrimination outside the purview of the faculty and staff grievance procedures shall be referred to the MGA’s Affirmative Action Officer, who shall conduct an informal investigation. Questions of promotion, tenure, performance evaluations, hiring decisions, classification appeals, challenges to grades and assessments, challenges to salary decisions, challenges to transfers or reassignments, termination or layoff due to lack of work or elimination of position, normal supervisory counseling, and investigations or decisions reached under the institutions Harassment Policy are not
subject to review through an institutional grievance process supervised by the Ad Hoc Conflict Resolution Committee.

Please see the following for more information:

**USG Human Resources Administrative Practice Manual: Grievance Policy.**

The Ad Hoc Conflict Resolution Committee shall be comprised of the following ex-officio members:
- Chair of the Academic Personnel Policies Committee,
- Chair Elect of the Executive Committee,
- Director of Human Resources,
- Assistant Vice President for Facilities,
- Assistant Vice President for Student Affairs.

These committee members shall receive biennial training in conflict negotiation and resolution, coordinated by the Executive Committee of the Senate, the Human Resources Department of the institution, and the campus liaisons for conflict resolution. Members will serve as rotating chairs of faculty staff panels (Board of Review, as defined by *USG Human Resources Administrative Practice Manual: Employee Relations*) populated to hear employee grievances. The Ad Hoc Conflict Resolution Committee annually will select a chair and recorder, prior to hearing grievances in that academic year. The faculty contact designee for a formal grievance may call the first meeting of the year. The faculty contact is the Chair Elect of the Executive Committee. If and when the President assigns ombudsmen (ombuds), these individuals shall serve to direct other employees to this process and shall advise the President (in consultation with the campus liaisons for conflict resolution) as to what types of complaints are being heard and what kinds of training shall be maintained to reduce institutional conflicts; to avoid potential harm to individuals; and to reduce the chance of legal exposure to the institution and to the USG.

The procedures for both informal and formal grievances are outlined as follows:

**Informal Grievance**
1. The employee should first address the grievance with the immediate supervisor.
2. If the grievance remains unresolved following the above or is in reference to the immediate supervisor, the employee may address it with the next level of authority.
3. If circumstances of the grievance prevent the use of step #1 and/or #2, or if the problem is not solved within five (5) working days of the action that caused the problem or grievance, or if the employee wishes support or has grievance policy questions, they may contact the Ad Hoc Conflict Resolution Committee to mediate the conflict or provide procedural options.

**Formal Grievance**
1. If no satisfactory solution to a problem is forthcoming from the informal procedures or should an informal decision not be satisfactory to the employee, an employee faculty member shall notify the Chair-Elect of the Executive Committee to begin the formal grievance process.
2. Notifications must be made within 10 days of (1) the alleged grievance incident, (2) the last documented informal meeting, or (3) the date of the informal grievance decision. Notifications are to be submitted using Employee Grievance Form.
3. This notification shall be made to the appropriate employee classification designee by way of email and certified mail, and the Executive Director of Human Resources shall be copied in that and any other subsequently related emails and certified letters. The written communication shall state (1) the nature of the complaint and (2) any supporting preliminary evidence to verify Committee jurisdiction. The communication must (3) outline what preliminary actions have failed to provide a solution. The communication shall also (4) contain the names of persons who are involved in the complaint itself and have already heard the
complaint at a preliminary level.

5.06.02 INSTRUCTIONS FOR CHAIR OF THE AD HOC CONFLICT RESOLUTION COMMITTEE

Within seven (7) working days after the Chair Elect of the Executive Committee or the Vice President for Facilities receives the written notification, the Chair of the Ad Hoc Conflict Resolution Committee shall with the advice of the Ad Hoc Conflict Resolution Committee:

Formal Grievance
a. Review the preliminary actions already undertaken.
b. Determine whether the committee and subsequent panel has jurisdiction under this document.
c. If Jurisdiction is established the Chair shall:
   a. Notify all parties named in the grievance in writing that a formal grievance has been filed;
   b. Select a committee member, on rotation, to act as chair of the formal grievance process for the grievance presented and supervise the employee panel hearing the grievance;
   c. Select an employee panel as necessary.

5.06.03 EMPLOYEE PANELS

An employee faculty panel has authority to review grievances in matters concerning terms and conditions of employment, unlawful discrimination, or suspension, or in matters referred to such a panel by the President or the Board of Regents. Questions of salary, promotion, tenure, or non-renewal of contract and all other referenced in 5.06.01 above shall be appealed directly to the Board of Regents following preliminary appeals. If an employee written notification involves a complaint in a prohibited area, the employee shall be so informed in writing within seven (7) working days, and the grievance will be recorded as dismissed.

Employee panels are constituted and populated as follows:

1) In grievances involving faculty exclusively: the Ad Hoc Conflict Resolution Committee shall create a list of names of all members of the Academic Assembly. These members represent full-time faculty at the institution. The Chair of the Ad Hoc Conflict Resolution Committee shall strike from the list the name of any person named in the written notification from the faculty member or otherwise known to have been previously involved in the grievance. Each remaining name shall be written on a slip of paper, and the Recorder of the Ad Hoc Conflict Resolution Committee shall select names blindly and at random, numbering them sequentially as selected. Once seven people have been selected and agree to serve on the employee panel, two additional names shall be selected as alternates. If any of the original seven selected for the panel must withdraw, the next available alternate shall replace that member. The assigned staff member of the Ad Hoc Conflict Resolution Committee will serve as chair of the employee panel and shall be responsible for announcing the time and place of the review and for ensuring that the procedures for the review are followed precisely.

2) In grievances involving faculty and staff: the Ad Hoc Conflict Resolution Committee shall create a list of names comprised of all eligible faculty and staff. The Chair of the Ad Hoc Conflict Resolution Committee shall strike from the list the name of any person named in the written notification from the faculty or staff member or otherwise known to have been previously involved in the grievance. Each remaining name shall be written on a slip of paper, and the Recorder of the Ad Hoc Conflict Resolution Committee shall select names blindly and at random, numbering them sequentially as selected. Once seven people have been selected and agree to serve on the employee panel, two additional names shall be selected as alternates. If any of the original seven selected for the panel must withdraw, the next available alternate shall replace that member. The assigned staff member (either staff or faculty) of the Ad Hoc Conflict Resolution Committee will serve as chair of the employee panel and shall be responsible for
announcing the time and place of the review and for ensuring that the procedures for the review are followed precisely.

Regarding the timeline for faculty/faculty or faculty/staff complaints: Should the Chair Elect of the Executive Committee or the Assistant vice President for Facilities be notified of a complaint within the last fifteen class days of a semester, the counting of days shall begin at the start of the next semester, whether it be Fall, Spring, or Summer. Because the Ad Hoc Conflict Resolution Committee is a 12-month appointment, it is incumbent upon the Chair of the Ad Hoc Conflict Resolution Committee to make certain that any grievance is addressed when classes are in session; therefore, any grievance must be carried to the beginning of a new semester, with day one (1) of that semester being day one (1) of the seven (7) working days referred to under 5.06.02 above.

5.06.04 INSTRUCTIONS FOR CHAIR OF THE EMPLOYEE PANEL

The selected Chair of the Employee Panel has seven responsibilities, which are as follows:

a) To make arrangements for the review;

b) To meet with the panel, the grievant, and the person named in the grievance to discuss the conditions under which the review shall be conducted;

c) To preside over the review;

d) To inform the panel as to institutional process and conflict resolution practice;

e) To ensure that the procedures for the review are followed precisely;

f) To write the report of the faculty panel's findings;

g) To deliver the finished report.

The Chair of the Employee panel acts as a supervisory agent and repository of institutional process and conflict resolution practice. They are assigned to chair the panel on rotation for cases outside their employee classification and act as non-voting members of the committee.

5.06.05 MAKING ARRANGEMENTS FOR THE REVIEW

The chair of the employee panel shall secure a room and schedule the review for the earliest suitable date. The location shall be at the discretion of the panel chair, taking into consideration campus affiliation the parties involved. Each participant in the review shall have ten (10) working days’ notice of the date and time. Each panel member, participant, or witness shall be notified of the review via registered U. S. mail with receipt. A room shall be reserved for several days.

5.06.06 ESTABLISHING CONDITIONS

A tape recording, transcript, or summary of the proceedings shall be kept and made available to the parties concerned in the event an appeal is filed. The Human Resources office will be responsible for providing someone to tape record or take notes on the proceedings.

5.06.07 PRESIDING AT THE REVIEW

The chair of the employee panel shall determine the acceptability and availability of witnesses, pertinent written documents, and any additional pertinent information. The chair of the employee panel shall establish the length and method of presentation.

The chair shall ensure that the review is conducted in an orderly and impartial manner and insist that procedural determinations of the panel be followed precisely.

5.06.08 REVIEW PROCEDURES

The employee panel shall hold all reviews in private. The guiding principle at the review is that any involved party shall have a fair opportunity to be heard. The parties concerned shall be permitted to obtain and present witnesses and documentation or other evidence as approved by the chair of the employee panel. Each party involved in the review is also entitled to an adviser. An adviser may not
be an attorney by degree or active member of the Bar. The role of the adviser is to advise participants about the process and their grievance presentation. He or she may not take an active role in the review, except that he or she may request a brief recess if there is a question of process that must be addressed.

In the first segment of the review, the grievant shall present his or her information. In the second segment of the review, the person named in the grievance shall present his or her information. The remainder of the session shall be used by the employee panel to question the participants. Those present at the review shall be cautioned to avoid discussing the information outside the review process. If the review involves an allegation of discrimination, the institution’s Affirmative Action Officer shall attend.

Both parties shall be given adequate time to present their case although all effort should be made to expedite the procedure in the interest of time and clarity of purpose. Both parties will be asked not to exceed one hour. The Ad Hoc Conflict Resolution shall not be bound by strict rules of legal evidence. The committee chair may allow any evidence or statement deemed to have probative value to adjudicate the grievance.

At the conclusion of the grievance review, the employee panel will deliberate and draft conclusions and recommendations related to the grievance. If additional deliberation time is needed, two (2) additional working days will be allotted from the start of the grievance review for the employee panel to reconvene and reach a decision. All conclusions and recommendations shall be determined by majority vote of the employee panel and shall be based entirely on information presented at the review.

5.06.09 REPORT AND DELIVERY OF THE EMPLOYEE PANEL

After fairly considering the statements of all interested individuals and taking other submitted findings into account, the Chair shall deliver the panel’s written report to the President, the participants, and each member of the panel within ten (10) working days of the panel’s decision.

In making his/her decision, the President shall not be bound by recommendations of the Ad Hoc Conflict Resolution Committee. The President shall, within ten (10) working days after the receipt of the committee’s official recommendation, advise the employee, the employee panel, the Ad Hoc Conflict Resolution Committee, and other parties concerned by certified mail with return receipt of his/her decision.

5.06.10 APPEALS

The President or his or her designee shall also notify the employee by certified mail of his/her right to appeal to the Board of Regents for review of the President’s final decision in accordance with the provisions of Article IX of the bylaws of the Board of Regents. Such communication shall be delivered to the addressee only, with a return receipt.

6.04.02 REPORTING SICK LEAVE

In accordance with 4.9.1 of the USG Academic & Student Affairs Handbook, faculty members shall report sick leave based on the number of whole hours sick as defined by the BoR Policy 8.2.7, with a full day being eight (8) hours, a half day being four (4) hours, and less than a half day based on whole hours missed, with a full week being the equivalent of a forty-hour work week. If a faculty member misses a class because of health-related reasons, the faculty member is obligated to inform his or her immediate academic supervisor (the dean or, if there is a chair, the chair). Having someone else cover a class does not replace reporting leave.

Faculty members shall record these hours as accurately as possible on the monthly sick leave report (via OneUSG Connect) and should check the Time Report as to the accuracy of accrued sick leave. Although it is the faculty member’s responsibility to report leave, it is the academic supervisor’s duty to address questions of accuracy.

If sick leave extends beyond a week (40 hours), the faculty member shall report in writing to the Office of the Executive Vice President for Fiscal Affairs, to the school dean, and to the chair if there is a chair; this report shall document with a physician’s letter the need for extended leave. 6.04.03 SICK LEAVE WITH PAY
See the following for a discussion of sick leave with pay:

8.2.7.2 of the BOR Policy Manual: Sick Leave with Pay.

The accumulation and use of sick leave is an important employee benefit of the University System of Georgia. Accumulated unused sick leave is summarized monthly on an eligible member's pay check. Sick leave for employees shall be cumulative with no limit on the amount that can be accumulated. The use of Accumulated Sick Leave (ASL) allows a member to be paid without interruption when a member is unable to perform professional responsibilities. Once ASL has been exhausted, the individual may apply for Sick Leave Without Pay.

ASL provides a bridge between the onset of long-term disability or illness and the delay in the start-up of long-term disability insurance benefits (an option for each member). Also, if a faculty member has chosen to participate in the Georgia Teacher Retirement System, Georgia statutory law provides that upon retirement unused ASL shall be added to the years of service and can be used in determining eligibility for retirement benefits. However, faculty members who have opted to use optional retirement plans are not eligible for such benefits.

**6.11 Personnel Records**

The Human Resources office maintains current employee records and must be informed of any changes in name, address, marital status, number of children or other dependents in the immediate family and/or tax withholding status. This information affects the amount of an employee’s payroll deduction for federal withholding tax, insurance premiums and benefits.

An employee’s personnel record is kept confidential to the maximum extent protected by law. Outside parties or agencies are not provided with information in employee personnel file unless
specifically authorized by an employee in writing, or as required by law.

1. General Statement

Middle Georgia State University is committed to maintaining an academic environment in which its members can freely work together, both in and out of the classroom, to further education, service, and research. Every member of the Middle Georgia State University community must recognize that sexual harassment compromises the integrity of the institution, its tradition of intellectual freedom, and
the trust placed in its members. It is the intention of Middle Georgia State University to prevent sexual harassment as well as to correct and, where indicated, discipline those engaged in sexual harassment. Because of the special nature of a university community, Middle Georgia State University reiterates its commitment to academic freedom and asserts that these procedures shall not be detrimental to the principles of academic freedom.

2. Definition of Sexual Harassment

See 8.2.18.5 of the BOR Policy Manual linked above for a definition of sexual harassment.

3. Responsibility as to the Sexual Harassment Policy

This responsibility extends to all who do business with Middle Georgia State University and to all who visit any Middle Georgia State University facility or attend any Middle Georgia State University -sponsored activity.

b. Faculty, administrators, and supervisors have the responsibility to prevent and to eliminate sexual harassment in their respective areas. A complaint alleging sexual harassment made to a faculty member, administrator, or supervisor requires immediate steps to address the matter under the procedures outlined in this policy.

4. Procedures for Filing a Sexual Harassment Complaint

a. Students with concerns about sexual harassment may find it helpful to discuss the matter with the Vice President of Student Affairs. All persons feeling aggrieved under the policy against sexual harassment are encouraged to seek informal resolution first.

b. Students with a sexual harassment inquiry or complaint should contact:

(1). Either the Vice President of Student Affairs, Student Life Center, Office of Student Affairs; or

(2). The Coordinator for Section 504/Title II, Title IX, and the Age Act; or

(3). Any member of the faculty of Middle Georgia State University. Upon contact, the faculty member shall then be expected to:

(a) Inform the student as to the Middle Georgia State University Sexual Harassment Policy and the procedures for filing a complaint.

(b) Encourage the student to seek informal resolution of the complaint by contacting one of the University officers listed above. If asked, the faculty member may accompany the student to the first meeting with these officers. For purposes of confidentiality, the initial meeting(s) with either of these two administrators may, by appointment, be held at a location other than the administrator's office.

c. A faculty member, any other employee, or any third party who has a sexual harassment inquiry or complaint should contact the Coordinator for Section 504/Title II, Title IX, and the Age Act.

d. The administrator(s) of the institution responsible for receiving these complaints shall:

(1). Receive the sexual harassment complainant, provide information about sexual harassment, and discuss the options for addressing it.
(2). If needed, refer the complainant for counseling.

(3). Within five (5) working days, inform the complainant regarding applicable Middle Georgia State University policies and procedures and outline the options, both informal and formal, for resolving the complaint.

(4). Wherever possible, assist the parties toward informal resolution of the complaint.

(5). If there can be no informal resolution and an investigation and hearing of the complaint are appropriate, assist the complainant in filing a formal complaint.

e. A formal complaint must be filed within one hundred eighty (180) days from the date of the incident and must be filed with the Coordinator for Section 504/Title II, Title IX, and the Age Act. The Coordinator for Section 504/Title II, Title IX, and the Age Act shall:

   (1). Within ten (10) working days from the date of receipt of complaint, interview the complainant, the respondent, and other persons believed to have pertinent knowledge.

   (2). Afford both the complainant and the respondent a full opportunity to respond to the allegations and evidence received.

   (3). Promptly prepare a written summary of the investigation with recommendations based thereon which shall be forwarded to the President of Middle Georgia State University and each party. A copy shall be filed with and retained in the offices of the Provost/Vice Provost and the Federal Liaison-Coordinator for Section 504/Title II, Title IX, and the Age Act.

f. Within ten (10) working days from the receipt of the summary and the recommendations of the Provost /Associate Provost or the Federal Liaison-Coordinator for Section 504/Title II, Title IX, and the Age Act, either party may request a hearing of the complaint by a panel of inquiry under the further provisions of this policy. This request should be forwarded to the President of Middle Georgia State University.

g. If no such request is made for a hearing, the President of the University shall act on the recommendations contained in the summary of the investigation. If a hearing is indicated and either party is a member of the faculty, the President of Middle Georgia State University shall refer said complaint to the Chair of the Executive Committee for hearing pursuant to the Procedures for Faculty Grievance Hearings (see Article IV, Section F on statues) and for a recommendation based on that hearing.

h. If neither party to the complaint is a member of the Middle Georgia State University faculty, the President of Middle Georgia State University shall, within ten (10) working days from the date of receipt, appoint an impartial panel of inquiry composed of a Chair and four members, two males and two females. The Chair shall be nonvoting but when necessary will cast the tie-breaking vote.

   (1). Panel membership will be dependent upon the status of the parties involved in the complaint as follows:

   (a). When both parties in an alleged incident are students, the panel will be made up of two students, two faculty members, and one member of the staff.

   (b). When both parties are members of staff, the panel will be made up of members of staff.

   (c). When the parties are from different constituencies and neither party is a faculty member, the panel will have a faculty member plus two members from each of the two constituencies.

   (d). With respect to complaints brought by third parties, it is not the status of the third party but rather the status of the subject(s) of the complaint that shall determine the composition of the panel.
The purpose of the panel of inquiry is to determine to the best of its ability the facts regarding the alleged sexual harassment, to ascertain whether there has been a violation of the policy of Middle Georgia State University prohibiting sexual harassment, and to recommend appropriate discipline for those found to have violated the sexual harassment policy.

Prior to the hearing, the panel shall meet to determine procedures for conducting the hearing and shall consult with the principals involved prior to making such determination. At the University level, attorneys normally are not present. However, a complainant or alleged victim may at any stage of the procedure have present an advisor of his/her own choosing, who shall provide advice but shall not be an active participant in the proceedings.

Within ten (10) working days from the date the panel is formed, the panel will hear the complainant, the respondent, and witnesses identified by each party and shall examine all evidence it deems relevant and necessary. The rights of both parties will be observed and privacy and confidentiality shall be protected to the extent practicable.

Within ten (10) working days after the conclusion of its gathering of evidence, the panel shall issue a written report to the President of Middle Georgia State University. The panel's report shall detail the allegations and evidence received in the matter; evaluate the persuasiveness of the evidence, the consistency of the testimony, and the credibility of the witnesses; state its determination as to whether there has been a violation of the policy of Middle Georgia State University sexual harassment; and make recommendations for disciplining those found to have violated the sexual harassment policy.

Within ten (10) working days after receipt, the President of Middle Georgia State University shall review the report findings of the panel of inquiry and will make final determination as to what action, disciplinary or otherwise, should result. A copy of the report evidencing the final action taken by the President of Middle Georgia State University in the matter shall be forwarded to the complainant and the respondent.

In accordance with the provisions of Article IX of the By-laws of the Board of Regents, either Party may file an application for review in writing with the Board of Regents of the University System of Georgia within twenty (20) calendar days following the written decision of the President of Middle Georgia State University.

For good cause, time restraints set forth in this policy may be extended for a reasonable period of time. The parties and the panel hearing the complaint may also enter an agreement for the extension of time for good cause, and the agreement shall be entered in the record.

Retaliation, in any form, against those reporting incidents of sexual harassment, those presenting evidence by testimony or otherwise, those participating on a hearing panel, or participating in any manner as to matters which are set forth in this policy shall not be tolerated, and shall subject the person attempting retaliation to disciplinary action which may include suspension or dismissal.

6.19.04 MIDDLE GEORGIA STATE UNIVERSITY HARASSMENT POLICY

It is the policy of Middle Georgia State University that all employees shall have the opportunity to work in an atmosphere and environment free from any form of harassment or retaliation based on race, color, religion, gender, sex, national origin, age, whistle blower status, or disability. Such forms of harassment or retaliation constitute discrimination under various state and federal laws and will not be tolerated by the University.

Harassment is defined as verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his or her race, color, religion, gender, sex, national origin, age,
whistle blower status, or disability, or that of his/her relatives, friends, or associates, and that:

1. Has the purpose or effect of creating an intimidating, hostile, or offensive working environment; or
2. Has the purpose or effect of unreasonably interfering with an individual’s work performance; or
3. Otherwise adversely affects an individual’s employment opportunities.

Examples of harassing conduct include, but are not limited to, the following:

1. Epithets, slurs, negative stereotyping, intimidating, or threatening, intimidating, or hostile acts that relate to race, color, religion, gender, sex, national origin, age, whistle blower status, or disability; and

2. Written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of race, color, religion, gender, sex, national origin, age, whistle blower status, or disability that is placed on walls, bulletin boards, or elsewhere on university premises, or circulated on the campus.

Similarly, sexual harassment involves:

1. Making, as a condition of employment, unwelcome sexual advances or requests, requests for sexual favors, or other verbal or physical conduct of a sexual nature;

2. Making submission to or rejection of such conduct the basis for employment decisions; or

3. Creating an intimidating, offensive, or hostile work environment by such conduct.

The following are examples of sexual harassment:

1. Verbal – sexual innuendo, suggestive comments, insults, threats, jokes about gender-specific traits, or sexual propositions;

2. Nonverbal – making suggestive or insulting noises, leering, whistling, or making obscene gestures;

3. Physical – touching, pinching, brushing the body, coercing sexual intercourse, or assault.

See also 6.19.02 for Middle Georgia State University Sexual Harassment Policy and Procedures.

Any employee who feels that he or she has suffered any form of harassment or retaliation should immediately report the alleged conduct to his or her supervisor so that a confidential investigation of the complaint can be undertaken. If the employee has reason to be uncomfortable reporting to his or her supervisor, the employee should report the offensive behavior to any administrator with whom the employee feels comfortable. The administrator then has the responsibility of helping the employee with the procedure.

While verbal reports are anticipated, an employee reporting these types of behavior will be asked to make a written report providing as much detail as possible concerning who has engaged in the behavior, when, where, and exactly what was done or said.

Any employee who observes conduct by another employee that he or she believes to be harassing, retaliatory, or discriminatory must report such conduct as outlined above. All complaints of harassment will be treated confidentially and will be investigated promptly and thoroughly.

Any individual found by the University to have harassed another employee will be subject to appropriate disciplinary action ranging from a written warning in his or her file up to and including termination. Retaliation or discrimination against an employee for reporting or complaining about harassment is prohibited and will result in disciplinary action up to and including termination.

Faculty members and all campus employees should act in a responsible and professional manner to
establish a pleasant working environment free of discrimination and harassment.

6.20 Office Gift-Giving

Gifts for colleagues (such as friendly tokens acknowledging life events, remembrances, flower funds, hospitality funds, or celebratory tributes) must be completely voluntary. Any gifts or contributions should be of nominal value and in keeping with the spirit of the event.

6.21 Use of State Property

Employees should not, directly or indirectly, use or allow the use of state property of any kind for activities other than official activities.

6.22 Appropriate Use Policy for Information Technology Resources and Social Media

6.22.01 APPROPRIATE USE POLICY FOR INFORMATION TECHNOLOGY RESOURCES

It is the policy of Middle Georgia State University to provide an environment that encourages the free exchange of ideas and sharing of information. Access to this environment and Middle Georgia State University’s information technology (IT) resources is a privilege and must be treated with the highest standard of ethics.

Middle Georgia State University expects all users to use IT resources in a responsible manner, respecting the public trust through which these resources have been provided, the rights and privacy of others, the integrity of facilities and controls, state and Federal laws, and Middle Georgia State University policies and standards.

IT resources include, but are not limited to, equipment, software, networks, data, and telephones, whether owned, leased, or otherwise provided by Middle Georgia State University. This policy applies to all users of Middle Georgia State University IT resources, including faculty, staff, students, guests, external organizations, and individuals accessing network services, such as the Internet via Middle Georgia State University resources. Use of Middle Georgia State University IT resources is granted based on acceptance of the following specific responsibilities.

Appropriate Use Policy, Responsibilities, and Guidelines:

A. Use only those computing and IT resources for which you have authorization.
   For example, it is a violation:
   - To use resources you have not been specifically authorized to use;
   - To use someone else's account and password or share your account and password with someone else;
   - To access files, data, or processes without authorization;
   - To purposely look for or exploit security flaws to gain system or data access.

B. Protect the access and integrity of computing and IT resources.
   For example, it is a violation:
   - To use excessive bandwidth,
   - To release a virus or a worm that damages or harms a system or Network,
   - To prevent others from accessing an authorized service,
   - To send email that may cause problems and disrupt service for other users,
   - To attempt to deliberately degrade performance or deny service,
   - To corrupt or misuse information,
   - To alter or destroy information without authorization.
C. Abide by applicable local, state, federal laws, university policies and respect the copyrights and intellectual property rights of others, including the legal use of copyrighted material.

For example, it is a violation:
- To download, use or distribute copyrighted materials, including pirated software or music or videos or games (aka: illegal peer-to-peer file sharing);
- To make more copies of licensed software than the license allows;
- To operate and participate in pyramid schemes;
- To upload, download, distribute or possess pornography;
- To upload, download, distribute or possess child pornography.

D. Use IT resources only for their intended purpose.

For example, it is a violation:
- To use computing or network resources for advertising or other commercial purposes;
- To distribute copyrighted materials without express permission of the copyright holder;
- To send forged email;
- To misuse Internet Relay Chat (IRC) software to allow users to hide their identity, or to interfere with other systems or users;
- To send terrorist threats or "hoax messages";
- To send chain letters;
- To intercept or monitor any network communications not intended for you;
- To attempt to circumvent security mechanisms;
- To use privileged access for other than official duties;
- To use former privileges after graduation, transfer or termination, except as stipulated by Middle Georgia State University.

E. Respect the privacy and personal rights of others.

For example, it is a violation:
- To use electronic resources for harassment or stalking other individuals;
- To tap a phone line or run a network sniffer or vulnerability scanner without authorization;
- To access or attempt to access other individual's password or data without explicit authorization;
- To access or copy another user's electronic mail, data, programs, or other files without permission;
- To disclose information about students in violation of Middle Georgia State University guidelines.

F. Do no harm.

System and Network Administrator Responsibilities

System Administrators and providers of Middle Georgia State University computing and IT resources have the additional responsibility of ensuring the confidentiality, integrity, and availability of the resources they are managing. Persons in these positions are granted significant trust to use their privileges appropriately for their intended purpose and only when required to maintain the system.

Any private information seen in carrying out these duties must be treated in the strictest confidence unless it relates to a violation or the security of the system.

Security Caveat

Be aware that although computing and IT providers throughout Middle Georgia State University are charged with preserving the integrity and security of resources, security sometimes can be breached through actions beyond their control.

Users are therefore urged to take appropriate precautions such as:
- Safeguarding their account and password,
- Taking full advantage of file security mechanisms,
- Backing up critical data on a regular basis,
- Promptly reporting any misuse or violations of the policy,
Using virus scanning software with current updates,
Using personal firewall protection on personal computers,
Installing security patches in a timely manner.

Violations

Every user of Middle Georgia State University resources has an obligation to report suspected violations of the Appropriate Use Policy for Computing and IT Resources. Reports should be directed to the institution, unit, center, office, department, department, school, or administrative area responsible for the particular system involved.

Enforcement

Failure to comply with the appropriate use of these resources threatens the atmosphere for the sharing of information, the free exchange of ideas, and the secure environment for creating and maintaining information property and subjects one to discipline. Any user of any Middle Georgia State University system found using IT resources for unethical and/or inappropriate practices has violated this policy and is subject to disciplinary proceedings including suspension of system privileges, suspension/expulsion from the institution, termination of employment and/or legal action as may be appropriate.

Although all members of the university system have an expectation of privacy, if a user is suspected of violating this policy, his or her right to privacy may be superseded by Middle Georgia State University’s requirement to protect the integrity of IT resources, the rights of all users, and the property of the Middle Georgia State University. Middle Georgia State University thus reserves the right to examine material stored on or transmitted through its resources if there is cause to believe that the standards for appropriate use are being violated by a user or a trespasser onto its systems or networks.

6.22.02 SOCIAL MEDIA POLICY

Given the nature of social media and that university professors hold a “special position in the community [that] imposes special obligations” (AAUP 1940 Statement of Principles on Academic Freedom and Tenure with 1970 Interpretive Comments, modified 1989 and 1990), members of the corps of instruction should exercise an abundance of caution in how they interact with students, former students, members of the community, and other professionals through such media and should bear in mind how their comments might be construed in legal and professional contexts.

In the case of a social media site that is created solely by the teacher for a class, an organization, or a club, the instructor bears reasonable responsibility for monitoring the appropriateness of content just as he or she would for any other electronic platform directly related to University activities in or outside of the classroom.

In further instances where technology allows instantaneous commentary, faculty members should be extremely careful, as such technology lends itself to off-hand remarks that could later be read in terms of professional reputation, accuracy, and liability. The University strongly recommends that all of its professionals exercise their best professional judgment in the use of all social media.
