HOW YOUR FINANCIAL AID IS DETERMINED

- **Cost of Attendance (COA)** - The estimated total educational costs of attending MGA includes: tuition and fees, room and board, transportation expenses, and personal expenses.
- **Expected Family Contribution (EFC)** - The EFC is a measure of your family's financial strength and is calculated from the information you reported on your FAFSA.
- **COA minus EFC equals Financial Need.**

Once financial need is determined, a financial aid offer package that may consist of a combination of grants, scholarships, loans and/or work study, is developed.

NOTE: It is not uncommon for some students to have remaining financial need that cannot be met through this process.

Once your financial aid offer has been packaged, you will receive an email notification to review your offer on your SWORDS account. Please accept any financial aid offer you wish to receive **prior** to the payment deadline.

PAYMENT AND DISBURSEMENT

Tuition and fees payment - Once you have accepted your Financial Aid Terms and Conditions, Offers, and completed the steps for loan recipients, the Financial Aid Office will authorize all eligible aid to your MGA student account. The Bursar's Office will then apply 'Authorized Aid' to your tuition and fees for the payment period.

If your enrollment status changes due to withdrawal, dismissal, graduation, or course load changes (ex. adding/dropping classes, repeat classes, etc.), your awards may be changed or canceled. The payment of all charges not covered by financial aid is expected by the payment deadline each semester.

Books - Financial aid funds in excess of tuition and fees may be used for books and supplies in the Middle Georgia State University Campus Store, up to applicable limits.

Refunds - After your attendance in all classes has been confirmed, the remaining credit balance amounts will be refunded in the manner you have authorized and in accordance with the Bursar's Office schedule.

NOTE TO LOAN RECIPIENTS: Your loan proceeds will not be authorized until the lender approves the loan and the Master Promissory Note and entrance loan counseling have been completed.

OTHER INFORMATION

WITHDRAWALS

When you reduce your enrollment to zero hours, you have withdrawn from MGA. If you should withdraw, the law states that the amount of aid that you have “earned” up to the point of withdrawal must be determined by a specific formula.

- **If you received more aid than you earned, the excess funds must be returned.** The amount of assistance you earn is determined on a pro-rata basis. That is, if you completed 30% of the payment period or period of enrollment, you earned 30% of the assistance you were originally scheduled to receive. **Once you've completed more than 60% of the payment period or period of enrollment, you earn all of your aid.**
- If you received excess funds that must be returned, MGA will send you notification to explain what portion of those funds you must return.

UNOFFICIAL WITHDRAWALS

Federal regulations require MGA to have a procedure for determining whether you began attendance and received (or could have received) Title IV funds. **If you fail to earn a passing grade, in at least one course in which you were enrolled, MGA must assume for Title IV purposes that you have unofficially withdrew.** Faculty members at MGA are required to input the last date of attendance in Banner for any unsuccessful grade, including W, WF, I, IP, F. The student record is then reviewed to see to see if the student attended through at least 60% point of their term. If you are not found to not earn any of your grades for the period of enrollment, then it is determined by the Office of Financial Aid if you received assistance. If you received Title IV aid, a Return to Title IV (R2T4) calculation is performed and your student account is updated. **Based upon this calculation, you may owe MGA and the Department of Education for unearned funds received during the semester.**

APPEALS

In some cases, the Office of Financial Aid may adjust the information used to calculate your Estimated Family Contribution (EFC) to accommodate for any special circumstances you may have (i.e. unable to provide parental information for FAFSA, unusual medical expenses, loss of employment). If conditions such as these apply to you or your family, please submit an appeal for the appropriate aid year within Campus Logic. Decisions for appeals are final and cannot be appealed to the U.S. Department of Education.

SATISFACTORY ACADEMIC PROGRESS:

To encourage the completion of your specific program of study within a reasonable timeframe and to comply with federal, state, and MGA requirements, financial aid recipients of MGA must maintain Satisfactory Academic Progress (SAP) as a condition of receiving financial aid. Satisfactory Academic Progress requires financial aid recipients to adhere to the following components:

- Meet the minimum cumulative GPA
 - Undergraduate 2.0 GPA (31+ attempted hours)
 - Graduate 3.0 GPA
- Satisfactorily complete at least 66.5% of the cumulative credit hours attempted
- Complete the program of study within the 150% of the maximum attempted hours.

Satisfactory Academic Progress is monitored at the end of every semester, beginning with your first term at MGA. Financial Aid recipients who do not meet conditions of SAP will lose their financial aid eligibility. A student's entire academic history (including transfer hours) is considered for purposes of this policy regardless of whether the student received financial aid at the time the credit hours were completed.

SECOND-SESSION COURSES

Pell Grant cannot be adjusted for any second session courses added after the drop-add period following regular registration.

AUDIT CLASSES

Financial Aid funds cannot be used for courses taken for audit purposes.

ENROLLMENT REQUIREMENTS

You are expected to attend the classes in which you enroll and to complete all course requirements. If you do not, your aid may be reduced or canceled, and you may be required to repay funds provided to you. The Office of Financial Aid reviews the enrollment activity of financial aid recipients at several points in the enrollment period.
