

Come for the
scholarship,
stay for the
rewarding
career

The Piedmont Nursing Scholars Program

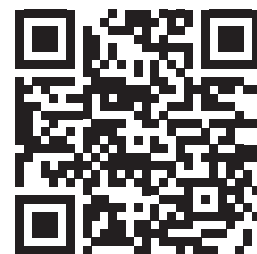

Receive financial assistance to pay for your education and start your nursing career at Piedmont!

This program rewards qualified nursing students with funds to defray the cost of attending nursing school. Scholarship recipients will receive **\$2,500 per semester, up to a total of \$10,000**, until graduation from nursing school.

The Piedmont Nursing Scholars Program also offers motivated nursing students the opportunity to work as a Piedmont nurse upon graduation. Scholars will agree to a service commitment (6 months for every semester that

scholarship funds are awarded) to Piedmont, at any hospital in our 22-facility system, as a full-time professional nurse.

Scholarships will be awarded ahead of fall and spring semesters. Apply now by completing an online application at **piedmont.org/NursingScholars**
