

TESTING FEES

The Health Clinic is funded by Student fees, the visits are free for currently enrolled students who have paid the Health fee. Faculty/Staff must pay \$25.00 fee for visits.

However the costs for lab services (outsourced), certain testing, immunizations, and family planning physicals are not covered by the student fee. Therefore the clinic must charge nominal fees for these services. These costs are for both students and Faculty/Staff.

Payments can be made via cash or debit/credit cards. If you do not have either of these on date of service a transfer will be sent to the Bursar's office. **This will be added to your student account.**

Faculty/Staff must pay at time of visit.

These services will be discussed with you by the Nurse Practitioner before being administered. If you wish not to have testing because of the cost please let the Nurse Practitioner know.

Thanks for your understanding and cooperation!
