Checklists for Regents' Engineering Pathway Programs

- Decide which institution you are planning to transfer to.

- Advisor contact information at the partner institution for the program-
Advisor's name:
Contact information:

- Check transfer student's **admission requirements** at the partner institution.

- Choose your **engineering specialization**.

- Check your **engineering program admission requirements** at the partner institution.

- Check the **partner institution's Core Curriculum / General Education lists**.
*Note: some engineering programs may have specific course requirements in the core curriculum / general education list. Consult your catalog and advisor to ensure you are taking the correct courses.

- Remember to consult with two advisors; one from MGA and the other from the institution you are transferring to.
