Evidence of changes based on an analysis of results

| | |
|--|--|
| What changes were implemented based on an analysis of the students' performance on these Student Learning Outcomes? (Evidence of the improvement must be kept and filed in the department or academic unit including but not limited to: changes in exam questions, reading assignments, syllabi, course instruction materials or assignments. Both old versions and new versions should be kept on file for 10 years.) | <p>Granular analysis of assessments used to measure teacher candidate performance on SLOs 3 and 4 indicated the teacher candidate needed additional support in preparation for instructional practice and designing assessments to enhance student learning. As part of the Continuous Improvement initiative, the Department of Teacher Education is continuing work on the above items by:</p> <ul style="list-style-type: none">(i) Building professional development school partners to enhance teacher candidate preparation.(ii) Restructuring instruction to enable teacher candidates to practice the use of academic language, assessment design, and professional reflection.(iii) Clarifying the instruction and language on assignments and rubrics, and modifying assignments to stay relevant with preparing for the edTPA exit portfolio required for licensure.(iv) Restructuring course sequence to enable teacher candidates to have continuity in clinical practice between fall and spring semesters. <p>4. Successful teacher candidates will evaluate their professional practice through reflective Commentary, which will provide an understanding of engaging all learners through evidence-based instructional modifications.</p> |
