Open Box for Assessment Comments

Required: In this field, please document the overall use of assessment results for continuous improvement (consider the past, present, and future and specifically address these in your narrative).	Faculty in the ESE program use assessment results for continuous improvement. Because the learning objectives are scaffolded and tiered throughout the ESE program, we are able to provide multiple opportunities for instruction as well as gather formative data on the students' understanding of concepts and their performance. The practice of using scaffolded/tiered learning objectives and formative assessments allow faculty to make data informed decisions throughout the candidates' time in the program and to provide them with the support they need.
