FOR MORE INFORMATION VISIT MGA.EDU/EDUCATION

Providers accredited under NCATE standards, as well as those accredited under the Teacher Education Accreditation Council (TEAC) standards, are now served by the single specialized accreditation system for educator preparation in the United States, the Council for the Accreditation of Educator Preparation (CAEP). More than 900 educator preparation providers participate in the CAEP accreditation system.
“Strong schools are the foundation of any community and economy, and the Middle Georgia State University School of Education is playing a key role in educational innovations and improvements in our region.”

Dean David Fuller
School of Education

While our education graduates are being hired by school systems statewide, the majority remain in the region - working in schools in Houston, Bibb, Bleckley and Laurens counties.

In fact, we have Memorandums of Understanding with these counties as well as Dodge, Jones and Monroe, plus other public and private school systems in Georgia.
