RESPIRATORY THERAPY

BE ON THE FRONT LINES OF HEALTHCARE

MIDDLE GEORGIA STATE HAS BOTH THE B.S. ENTRY-LEVEL PROGRAM FOR STUDENTS BEGINNING THEIR STUDIES AND THE A.S.-B.S. BRIDGE PROGRAM FOR PRACTICING RESPIRATORY THERAPISTS WHO WANT TO ADVANCE INTO LEADERSHIP AND RESEARCH ROLES. REGISTERED RESPIRATORY THERAPISTS WORK IN:

Hospital ICUs

Home Care Agencies

Pulmonary Rehab Centers

Emergency Rooms

Neonatal Pediatrics

DEGREE PROGRAMS

BACHELOR OF SCIENCE

Entry-level program

60 credit hours of prerequisite course work required before entering program

Complete RT program in 5 semesters

Prepares graduates for the national registration examination

ACCREDITATION

BRIDGE PROGRAM

A.S.-B.S. bridge program for working Respiratory Therapists with A.S. degree and R.R.T. credential who want to complete a bachelor's degree

Course content focuses on specialty areas of respiratory therapy:

- Adult Critical Care
- Disease Management
- Pulmonary Functions
- Asthma Education
- Neonatal and Pediatrics
- Leadership

Program offered fully online through MGA Direct - 8 week courses

Prepares graduates for the National Board of Respiratory Care specialty exams

FOR MORE INFORMATION VISIT WWW.MGA.EDU/RT

Median annual salary for respiratory therapists in U.S.: \$60,640

13 COURSES FROM YOUR B.S. DEGREE

Your Registered Respiratory Therapy (R.R.T.) credential and A.S. or A.A.S. in respiratory therapy from an accredited program together count toward 21 course credit hours, which you can apply toward a bachelor of science in respiratory therapy, pending transcript approval.

That means you may be only 13 courses away from completing the B.S. degree!

During the admissions process, an audit of your college transcripts takes place so you know exactly what classes you need to take in order to complete a 4-year degree in respiratory therapy.
