REGENTS' ENGINEERING TRANSFER PROGRAM

Middle Georgia State proudly participates in the Regents' Engineering Transfer Program (RETP), which allows you to begin your engineering studies at an affordable price and closer to home before transferring to Georgia Tech to complete your bachelor’s degree. The program may expand to allow transfers to other Georgia institutions with engineering programs.

**ENROLL**
Enroll in RETP at Middle Georgia State. Save money on tuition and housing for the first two years of study.

**COMPLETE**
Middle Georgia State and Georgia Tech work closely to develop a well-coordinated curriculum of courses.

**TRANSFER**
Upon completion of all RETP requirements, you may transfer to Georgia Tech’s Bachelor of Science in Engineering program.
