#### **Assessment Plan**

### How will a student know they are learning what they need to learn to be successful when they graduate?

Please identify which type of learning activity will be used to teach the learning goal. Also identify the learning objective associated with the learning goal being taught.

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

	Learning Outcome	Assessment Types	Data Collection Points*	Target Performance
Learning Outcome 1	Produce work that evidences the foundational theories and practices of the visual arts	Instructor observation	ARTS 1011	80% of students in the program will earn a score of at least 80% on the rubric that assesses their artistic skills.
Learning Outcome 2	Identify elements of global and culturally diverse historical artworks.	Examination	ARTS 2011	80% of students in the program will earn a score of at least 80% on the rubric that assesses select test or exam questions.
Learning Outcome 3	Demonstrate proficiency in artistic skills, media, and implements.	Instructor observation	ARTS 1030	80% of students in the program will earn a score of at least 80% on the rubric that evaluates their ability to critique their own work and the work of their classmates.
Learning Outcome 4				

<sup>\*</sup>Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastman, Warner Robins, or online students should be analyzed separately.

### **Curriculum Map**

## Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) used to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.
