MGA – Academic Program
Assessment Plan and Curriculum Map

On which campuses is the program offered? Online	*College/School:* School of Health Sciences	*Department:* Nursing	
Academic Degree: Bachelors	*Major:* Nursing	*Track (if applicable):* RN-BSN	

Assessment Plan
How will a student know they are learning what they need to learn to be successful when they graduate?

Please identify which type of learning activity will be used to teach the learning goal. Also identify the learning objective associated with the learning goal being taught. A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

	Learning Outcome	Assessment Types	Data Collection Points*	Target Performance
Learning Outcome 1	Synthesize foundational knowledge from the arts and sciences into the practice of professional nursing.	Clinical Capstone Evaluation Tool	NURS 4300 EBP: The Application of Nursing Research into Practice Fall 2018	100% of students will obtain a passing/satisfactory rating at the end of the semester indicating the synthesis of foundational knowledge from the arts and sciences into the practice of professional nursing.
Learning Outcome 2	Integrate the role of leader/manager, advocate, clinician, and teacher in the delivery of care to individuals, groups and communities.	Teaching Plan	NURS 3100 Transition to Baccalaureate Nursing Practice Fall 18	100% of students will score 80 (80%) points or more on the NURS 3100 Teaching Plan, indicating understanding of desired integration of the professional nurses' roles as leader/manager, advocate, clinician, and teacher in the delivery of care to individuals, groups and communities.
Learning Outcome 3	Integrate caring, culturally sensitive behaviors in professional practice with self, individuals, groups and communities.	Cultural Assessment	NURS 4100 Nursing Care of Special Client Populations Spring 2019	100% of students will score 80 (80%) points or more on the NURS 4100 Cultural Assessment, indicating an understanding of and integration of caring, culturally sensitive behaviors in professional practice with self, individuals, groups and communities.
Learning Outcome 4	Evaluate research to improve health outcomes for clients and the community.	EBP Research Utilization Project and Future Recommendations	NURS 4300 EBP: The Application of Nursing Research into Practice Fall 2018	100% of students will obtain a score of 80% or better on the NURS 4300 EBP Research Utilization Project and Future Recommendations, indicating

					their ability to evaluate research to improve health outcomes for clients and the community.

Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastman, Warner Robins, or online students should be analyzed separately.

Curriculum Map
Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

	Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) used to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.									
Major Course	N 3100	N 3210	N 3440	N 4100	N 4300					
LO1 Synthesize foundational knowledge from the arts and sciences into the practice of professional nursing.	Written Assignment (Reflection paper)	Written Assignment			Clinical					
LO2	Written Assignment, (Teaching Plan)				Clinical					
LO3				Written Assignment, (Cultural Assessment)	Clinical					
L04			Written, Assignment, (Critical Appraisal of Research)		Written Assignment, (Evidence Based Project) Clinical
