Dear Dr. Blake:

Thank you for your letter of September 15, 2014, providing notification that, effective January 2015, the College will offer a certificate program in Information Technology both online and on the main campus.

The College currently offers a baccalaureate program in Information Technology online. Because the certificate program is not significantly different from approved programs currently offered and will not require significant new resources, it is not considered to be a substantive change requiring approval.

**We acknowledge the information and will add it to our files.**

Best regards,

Belle S. Wheelan, Ph.D.  
President
