

What do you need to do before applying for Graduation?

- **Fulfill all outstanding obligations:** Holds will prevent you from applying for graduation online, receiving a transcript and/or a diploma. These include, but are not limited to:
 - Athletic holds
 - Bursar Office holds
 - Graduation Application Fees
 - Housing fees
 - Library late fees
 - Parking tickets
- **Complete Financial Aid Exit Counseling:** If you received loans while you were enrolled at Middle Georgia State University (MGA), you must complete Exit Counseling. This must be done whenever you cease enrollment or are no longer enrolled at least half-time or meet any of the criteria listed above. Here is how to complete Exit Counseling on the web:
 - Sign on to with www.studentaid.gov/
 - Click on "Complete Counseling"
 - Click on "Start Exit Counseling"
 - Upon completion of the counseling session, confirmation of your completion is automatically sent to the MGA Financial Aid Office
- **Meet all Degree Requirements:** To graduate, you must meet all degree requirements as listed in a single Middle Georgia State University catalog. Choose any catalog less than 5 years old beginning with the catalog you've used during your studies here.
 - **Seeing an advisor** each semester will help you stay on track
 - **Re-Admittance or Change of Major** circumstances: If you stop attending and are subsequently readmitted to MGA or if you change major, your matriculation catalog is reset to the year of readmission or change of major. **You must have attended at least one term under your chosen graduation catalog.**

Applying for Graduation

- **Apply at least two full semesters before term of completion.** Failure to complete an application for a degree or certificate at least two semesters in advance may prevent graduation in the anticipated term. Students who do not complete an application until the published application deadline may not be able to resolve deficiencies discovered in the degree audit for that term.
- **Meet all deadlines:** Including graduation application and cap and gown order deadlines. Resolve deficiencies (petitions, credit appeals, and history and constitution requirements). Failure to do so can cause you not to graduate in a timely manner.
- Go online to SWORDS account and apply <https://www.mga.edu/technology/services/banner.php>
 - The first term the online application asks for is the curriculum term.

- Choose a term, then click submit. You will be asked to choose a graduation term a few steps later.
 - Check your SWORDS account to confirm the spelling of your legal name (the name on file) and your correct mailing address; update here https://www.mga.edu/registrar/docs/Change_of_Record.pdf if change is necessary.
- There is an application fee: Undergraduate Student - \$35; Graduate Student - \$50
 - To pay online, go to <https://www.mga.edu/technology/services/banner.php> for secure login to your SWORDS account.
 - After successful login, select “Pay Now Cashnet” under “Student Accounts”.
 - You are then redirected to the Middle Georgia State University ePayment window. If the “Graduation Application” fee is not listed, please click on “View All” across from Available Items (see below).
