

Middle Georgia State University
Pet Policy

Beginning in Fall 2022, students are permitted to have a non-flesh-eating fish in fresh water tanks up to 5 gallons. No salt water tanks are permitted. Fish does not include any reptiles, crustaceans, amphibians, or any other animals.

Students must take their fish home during any extended break or period of time they are not in the residence halls, for example Spring Break.

Students are not permitted to flush any fish-related items down their residence hall sinks, showers, toilets, or any other appliance.
