The Student Success Centers

“Come to Study, Stay to Learn.”

The goal of the Student Success Centers (SSC) is to maximize student success and retention by providing quality and innovative academic assistance to students in a friendly, safe environment. Through the use of professional and peer tutors, we strive to provide the tools necessary for students to become independent learners. We supplement faculty instruction by providing peer and professional tutoring, appropriate resource materials to supplement course work, access to computer-based tutorials and resources, and online academic skills workshops.

Services provided by the Student Success Centers include:

- Internationally certified professional tutors
- Internationally certified peer tutors
- Free tutoring offered online and in person by appointment and walk-in
- Robust webpage with many academic resources
- Small and large group study rooms
- Computer-, web-, and CD-ROM-based tutorials
- Open-use computer lab
- Access to research databases and electronic publications
- Access to numerous online study aids and resources
- Assistance with online study and research
- Assistance to faculty with online supplemental course content
- Wireless Internet access
- The latest technologies available
- The latest industry-standard software
- Assistance with student e-mail
- Assistance with online courses
- Scanners for student use
